

205—7.2(915) Victim registration. A victim may register by filing a written request-for-registration form with the county attorney. The county attorney shall notify the victim in writing and advise the victim of the victim's registration and rights. The county attorney shall provide the appropriate offices, agencies, and departments, including the board, with a registered victim list. The board shall determine if an individual will be accepted as a registered victim. This determination shall be based solely upon criteria set out in the Iowa Code. A registered victim is responsible for keeping the victim's address and telephone number current with the board in order to ensure timely notification.
