

21—45.30(206) Restricted use pesticides classified. Pesticide products containing active ingredients classified as restricted use are limited to use by or under the direct supervision of a certified applicator. The pesticide use classification as promulgated by the United States Environmental Protection Agency in 40 CFR, Section 152.160-175, revised as of May 4, 1988, is hereby adopted in its entirety by this reference.

This rule is intended to implement Iowa Code section 206.20.
