40.7(1) *General reporting requirements.* Reports shall include information required by the grant agreement and shall be submitted to the department at intervals described in the grant agreement. The reports shall assess the use of funds in accordance with the program's objectives and progress of the program activities.

40.7(2) *Job creation.* The grantee shall report the total number of jobs created as a result of the project along with other information related to the quality of such jobs, including hours and wages, as requested by the department. For purposes of this rule, the number of jobs created may be calculated by determining which new employment positions created and filled would not have been continued were it not for this program. This would include both permanent and temporary positions filled by the grantee, a contractor or a subcontractor, including construction contractors and their employees. This requirement shall be in effect for two years beyond the project's completion.
