

491—6.13(99D,99F) Vendor's license.

6.13(1) A vendor's license is required of any entity not licensed as a manufacturer or distributor that conducts operations on site at a facility.

6.13(2) An applicant for a vendor's license must complete the appropriate commission form. An authorized representative from the facility for which the vendor wishes to do continuous business must sign the form. A letter from the facility authorizing the vendor to do business shall replace a signature on the application form.

6.13(3) Any employee who works for a licensed vendor and will be supplying the goods or services to the facility must have a vendor employee license. A vendor license must be issued before a vendor employee can be issued a license to represent that company. The authorized signature on the vendor employee's application must be the signature of the person authorized by the vendor application to sign vendor employee applications.

6.13(4) Rescinded IAB 9/29/04, effective 11/3/04.
