

441—78.43(249A) HCBS brain injury waiver services. Payment shall be approved for the following services to members eligible for the HCBS brain injury waiver services as established in 441—Chapter 83 and as identified in the member’s service plan. Effective March 17, 2022, payment shall only be made for services provided in integrated, community-based settings that support full access of members receiving Medicaid HCBS to the greater community, including opportunities to seek employment and work in competitive integrated settings, engage in community life, control personal resources, and receive services in the community, to the same degree of access as individuals not receiving Medicaid HCBS.

c. The case manager must develop a relationship with the consumer so that the abilities, needs and desires of the consumer can be clearly identified and communicated and the case manager can help to ensure that the system and specific services are responsive to the needs of the individual consumers.

a. Need for service. The member must be currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. The service worker or case manager must identify the need for IMMT services after evaluating the member's living environment, family and natural supports, ability to perform activities of daily living, and health care needs. The services must be needed:

- (1) To allow the member's usual caregivers to be employed,
- (2) During a search for employment by a usual caregiver,

b. Service requirements. Interim medical monitoring and treatment services shall:

- (1) Provide experiences for each member's social, emotional, intellectual, and physical development;

d. Limitations.

- (1) A maximum of 12 hours of service is available per day.
- (2) Covered services do not include a complete nutritional regimen.

e. A unit of service is 15 minutes.

78.43(15) *Consumer choices option.* The consumer choices option is service activities provided pursuant to subrule 78.34(13).

(1) Any restrictions on the member's rights, including the rights of privacy, dignity, respect, and freedom from coercion and restraint.

(2) The need for the restriction.

(3) The less intrusive methods of meeting the need that have been tried but did not work.

(4) Either a plan to restore those rights or written documentation that a plan is not necessary or appropriate.

(5) Established time limits for periodic reviews to determine if the restriction is still necessary or can be terminated.

(6) The informed consent of the member.

(7) An assurance that the interventions and supports will cause no harm to the member.

(8) A regular collection and review of data to measure the ongoing effectiveness of the restriction.

d. Services must be billed in whole units.

e. For all services with a 15-minute unit of service, the following rounding process will apply:

(1) Add together the minutes spent on all billable activities during a calendar day for a daily total.

(2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.

(3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.
