a. Prior to the beginning of each fiscal year, each state-designated public transit system's formula percentage shall be determined through the process shown in the appendix located at the end of this chapter.

(2) The process shown in the appendix establishes the percentage of available state transit assistance funds not reserved for special projects for which each transit system is eligible during the fiscal year.

b. The amount of each system's eligibility for formula assistance from this appropriation shall be determined by multiplying the system's formula percentage by the amount of the appropriation not reserved for special projects.

c. If the dollar amount of state transit assistance is not known until the funds are actually deposited in the state transit assistance account, the amount of each system's eligibility for formula assistance

from these funds shall be determined as follows: At the beginning of each month, the system's formula percentage shall be multiplied by the amount of new funds not reserved for special projects that were deposited in the state transit assistance account during the previous month.

d. A transit system's eligibility for programmed project assistance may be reduced if it is subject to the sanctions outlined in Iowa Code section 324A.5 or 761—Chapter 910.
