

876—2506.33(10A) Separate evidentiary hearing—denial or delay of benefits. Entitlement to penalty benefits for unreasonable delay, denial, or termination of benefits, as provided in Iowa Code section 10A.315, shall be pled. Discovery shall be limited to matters discoverable in the absence of such pleading unless it is bifurcated. The claimant may bifurcate the denial or delay issue by filing and serving a notice of bifurcation at any time before a case is assigned for hearing, in which case discovery on that issue may proceed only after the final decision of the agency on all other issues.

This rule is intended to implement Iowa Code sections 10A.315, 10A.319, and 10A.321.
