

261—41.9(79GA, HF718) Performance reviews.

41.9(1) Applicants will be required to submit performance reports to the department. The report will assess progress on the goals and project activities. Some projects may require the completion of a final product (such as a manual), study or report to be submitted to the department before final payment is made. Performance reports may be quarterly or semiannual and, for some projects, may be required for a period of time after contract period expires.

41.9(2) The department may perform field visits as deemed necessary.
