

**565—13.3(473) Emergency Energy Conservation Plan.** The EECP will consist of voluntary and mandatory measures which the department contemplates would be recommended to the governor for inclusion in an emergency proclamation under Iowa Code section 473.8. The department shall tailor its recommendations to the specific emergency confronted at the time of the resolution. The department may, at the time of an energy emergency, determine that additions, modifications, or deletions of the proposed measures are necessary.
