

481—372.24(89A) Handicapped restricted use elevators. All handicapped restricted use elevators must meet ANSI A17.1 (1981), Part V. Additionally, the elevators shall comply with the following limitations:

1. The elevator will be used only by a maximum of one disabled person and one attendant at a time. Where a disabled person cannot operate the elevator in a manner that will ensure access to all operating controls and safety features, an attendant will accompany the disabled person.

2. The elevator will be key-operated and will not be capable of being called by buttons or switches but may be called by a key operator.

3. Keys to operate the elevator will be in the control of the disabled person, the attendant or persons in positions of responsibility at the location.

4. A list will be maintained at the location indicating the persons holding keys for the operation of the elevator.

5. Each landing and the elevator car will be posted to indicate that the elevator is only for the use of disabled persons.

6. The travel distance of the elevator will not exceed 50 feet.
