

481—373.8(89A) Handicapped restricted use elevator requirements. All handicapped restricted use elevators must meet ANSI A17.1 (1981), Part V. Additionally, the elevators will comply with the following limitations:

1. The elevator is used only by a maximum of one disabled person and one attendant at a time. Where a disabled individual cannot operate the elevator in a manner that will ensure access to all operating controls and safety features, an attendant accompanies the disabled individual.

2. The elevator is key-operated and not capable of being called by buttons or switches but may be called by a key operator.

3. Keys to operate the elevator are in the control of the disabled person, the attendant or persons in positions of responsibility at the location.

4. A list is maintained at the location indicating the persons holding keys for the operation of the elevator.

5. Each landing and the elevator car will be posted to indicate that the elevator is only for the use of disabled persons.

6. The travel distance of the elevator will not exceed 50 feet.
