

481—404.6(103) Requests for permit and inspection.

404.6(1) Prior to commencement of any electrical installation requiring an inspection, the licensee or property owner making such installation shall notify the electrical inspection program of the installation by applying for a permit unless the installation is an emergency installation. For emergency installations that would otherwise require a request for permit and inspection under rule 481—404.6(103), the request shall be made as soon as practicable and no later than 72 hours after the installation is completed. A permit may be obtained as follows:

a. By completing and electronically submitting the online application and inspection fees through the department's website.

b. By completing the Electrical Permit Manual Application and mailing it and the inspection fees to the department at least seven days prior to the commencement of the installation. The Electrical Permit Manual Application may be obtained through the department's website or upon request to the department.

404.6(2) Upon completion of the electrical installation, the licensee or property owner shall notify the electrical inspection program to schedule an inspection in the same manner as described in paragraph 404.6(1) "a" or "b."
