The facility shall maintain a resident's personal funds that do not exceed \$50 in a non-interest-bearing account, an interest-bearing account, or petty cash fund.

n. Self-administration of drugs. An individual resident has the right to self-administer drugs if the interdisciplinary team has determined that this practice is safe.

o. Refusal of certain transfers.

(1) A person has the right to refuse a transfer to another room within the institution, if the purpose of the transfer is to relocate a resident of a skilled nursing facility from the distinct part of the institution that is a skilled nursing facility to a part of the institution that is not a skilled nursing facility or, if a resident of a nursing facility, from the distinct part of the institution that is a nursing facility to a distinct part of the institution that is a skilled nursing facility.

a. Transfer and discharge.

(1) Definition: Transfer and discharge includes movement of a resident to a bed outside of the certified facility whether that bed is in the same physical plant or not. Transfer and discharge does not refer to movement of a resident to a bed within the same certified facility.

A nursing facility shall establish and follow a written policy under which a resident, whose hospitalization or therapeutic leave exceeds the bed-hold period under the state plan, is readmitted to the facility immediately upon the first availability of a bed in a semiprivate room if the resident requires the services provided by the facility and is eligible for Medicaid nursing facility services.

(3) In the case of a person eligible for Medicaid, a nursing facility must not charge, solicit, accept, or receive, in addition to any amount otherwise required to be paid under the state plan, any gift, money, donation, or other consideration as a precondition of admission, expedited admission or continued stay in the facility. However:

1. A nursing facility may charge a resident who is eligible for Medicaid for items and services the resident has requested and received, and that are not specified in the state plan as included in the term “nursing facility services” so long as the facility gives proper notice of the availability and cost of these services to residents and does not condition the resident’s admission or continued stay on the request for and receipt of these additional services.

2. A nursing facility may solicit, accept, or receive a charitable, religious, or philanthropic contribution from an organization or from a person unrelated to a Medicaid-eligible resident or potential resident, but only to the extent that the contribution is not a condition of admission, expedited admission, or continued stay in the facility for a Medicaid-eligible resident.
