

**681—3.39(8A) Administration of the pay plan.** Within the provisions of these rules, the pay plan will be uniformly administered by the resident directors under the direction of the merit system director for all classes in the system. Except as otherwise provided in these rules and in the pay plan, all employees will be paid between the minimum and maximum of the pay grade to which the employee's class is assigned and such pay will constitute the total cash remuneration the employee receives for the employee's work in that position. Perquisites such as subsistence and maintenance allowances will be considered a part of pay and the value of such will be deducted from an employee's rate of pay. Any employee who is approved for participation in a phased retirement program as provided for by state law and regent policy shall have the salary provided under these rules adjusted as specified by such law and regent policy.

**3.39(1) Entrance salaries.** The entrance salary for an employee in any position under this system will be the minimum salary of the pay grade to which that class is assigned or in accordance with the approved pay plan, except as provided for the following:

*a. Appointment based on a scarcity of qualified applicants.* At the request of an institution and on the basis of economic or employment conditions which make it difficult or impossible to recruit at the minimum rate of the pay grade to which a class of position is assigned, a resident director, subject to approval by the merit system director, may authorize for a designated period of time recruitment for that class at a rate higher than the minimum. Where such a higher entrance rate is authorized all employees in the same class and in the same geographical area, who are earning less than the higher entrance rate, will be increased to that higher rate.

*b. Appointment based on exceptional qualifications.* Employees whose qualifications substantially exceed the minimum required for the class or who possess outstanding experience relative to the demands of the position may, at the request of an employing department, be appointed at a rate higher than the minimum, provided that the pay of all other employees with similar qualifications working under the same conditions at the same institution are raised to that higher rate. Such appointments must be approved by the resident director and reported to the merit system director. Such appointments which necessitate the adjustment of the salaries of employees other than the appointee will, in addition, be reported to the merit system director.

Increases authorized and granted to other employees as the result of appointments based on the scarcity of qualified applicants, 3.39(1)“a,” or appointments based on exceptional qualifications, 3.39(1)“b,” will establish new merit review dates for affected employees.

*c. Appointments based on prior service at the institution.* Employees who were employed by an appointing institution in a nonmerit system position and who performed duties of the same character and responsibility as the merit class to which they are being appointed may be paid at a rate higher than the minimum reflecting prior service in a comparable position. Such appointments must be approved by the resident director and reported to the merit system director.

**3.39(2) Merit increases.** Permanent and probationary employees will be eligible for a merit increase following one year of satisfactory performance in their assigned classification with the exception that permanent and probationary employees paid at the minimum of a pay grade will be eligible for a merit increase upon completion of 6 months of satisfactory service in their assigned classifications and every 12 months thereafter. No merit increase will be granted above the maximum of the pay grade. The period of satisfactory performance will be measured from the last merit review date if such a date has been established. Merit increases in pay will not be made retroactively, but may be denied or deferred by the employing department on the basis of work performance. Employees whose merit increases are denied or deferred will, prior to the scheduled effective date of increase, be informed of such action by a written statement from their employing department which specifies the reason for the denial or deferral. Denials or deferrals of a merit increase for six months or less for reason of unsatisfactory work performance will not result in the establishment of a revised merit review date.

Deferrals resulting from leaves of absence without pay or layoff exceeding 30 calendar days will cause a change of the merit review date equal to the time away from work.

**3.39(3) Pay on promotion.** An employee who is promoted will be moved to the minimum rate of the new grade, or to a higher rate on the new grade which provides an adjustment, to the employee's present base pay, that is the salary equivalent of no less than one step higher but, at the discretion of the

institution, no greater than 5 percent without approval of the merit system director. In no event will the adjustment result in pay above the maximum of the new grade.

If the promotion involves movement to a new grade that is three or more grades higher than the employee's present grade, the resident director may approve, on written request from the employing department, an increase, to the employee's present base pay, that is equivalent to the value of no less than two steps higher but, at the discretion of the institution, no greater than 10 percent without the approval of the merit system director.

For the purpose of calculating the promotional increase, any extra pay such as shift differential pay, pay for special assignment, on-call pay, pay for overtime, or pay for call back shall be excluded as part of the employee's present base pay. The merit review date will be computed from the effective date of promotion and in accordance with 3.39(2). Pay on promotion in accordance with the provisions of 3.39(1) "b" may be authorized by a resident director and will be reported to the merit system director.

**3.39(4) Pay on demotion.** Upon recommendation by the department head, and with the prior approval of the resident director, the pay of an employee who is demoted will be set at any rate within the new pay grade that does not exceed the rate at which the employee was paid in the position from which the employee was demoted. Merit review date will not change.

If the salary of an employee who is demoted as the result of the reclassification of the employee's position exceeds the maximum salary of the pay range to which the new classification is assigned, at the discretion of the employing department and with the approval of the resident director, the salary may be "red-circled" for a period not to exceed one year. An extension not to exceed one additional year may be approved by the merit system director.

If an employee accepts voluntary demotion in lieu of layoff, the salary shall be retained providing funding is available. In no event will the salary exceed the maximum of the new pay grade.

**3.39(5) Pay on reinstatement, reemployment or return from leave.**

*a.* An employee who is reinstated will be paid at a rate no greater than what the employee was last paid and between the minimum and maximum of the pay grade. An employee who is returned to a merit system position from a professional position, will be paid in accordance with subrule 3.39(4), pay on demotion. The date of reinstatement will be the merit review date.

*b.* An employee who is reemployed to the previously occupied class will be paid at a rate no greater than what the employee was last paid and between the minimum and maximum of the pay grade. When a merit increase has been granted to an employee in a position taken through voluntary demotion in lieu of layoff and the merit increase results in a higher rate of pay than last paid to the employee prior to the voluntary demotion in lieu of layoff, the employee may be reemployed to the previously occupied class with the higher rate of pay. Reemployment to the previously occupied class from a position taken as a voluntary demotion in lieu of layoff will not be considered a promotion. The merit review date will not change as a result of the voluntary demotion in lieu of layoff, nor as a result of reemployment to the previously occupied class from a position taken as a voluntary demotion in lieu of layoff.

*c.* An employee who is reappointed to the previously occupied position or a position in the same class on conclusion of a leave without pay will be paid in accordance with the provisions concerning pay on reemployment as provided above.

**3.39(6) Pay for special assignment.** Provided an employee is granted special assignment in accordance with 3.102(2) of these rules the employee will be paid for the duration of such assignment consistent with:

- a.* 3.39(3) Pay on promotion if assigned to a class having a higher pay grade;
- b.* 3.39(7) Pay on transfer if assigned to a class having the same pay grade;
- c.* The present base pay if assigned to a class having a lower pay grade.

**3.39(7) Pay on lateral transfer.**

*a.* Employees who are transferred from one position to another position in the same class shall receive no adjustment in base pay;

*b.* Employees who are transferred from one position to another position in a different class but in the same pay grade shall receive no adjustment in base pay except as set forth in "c" and "d" below;

c. Employees who are transferred from one class with a lower or no advanced starting rate to a class with a higher advanced starting rate shall receive:

(1) An adjustment to the higher advanced starting rate if the base pay prior to lateral transfer is less than the higher advanced starting rate. When the base pay adjustment is the salary equivalent of the value of a step or greater, an adjustment in merit review date will result and be computed from the effective date of lateral transfer and in accordance with 3.39(2); or

(2) There will be no adjustment in base pay if the employee's base pay prior to lateral transfer is not less than the higher advanced starting rate.

d. Employees who are transferred from one position in a class with a higher advanced starting rate to a position in a class in the same pay grade but with a lower or no advanced starting rate shall be paid in accordance with subrule 3.39(4), pay on demotion.

e. In no case may an employee be paid below the minimum or above the maximum for a classification.

**3.39(8) Pay upon change in pay grade of class.** If the class is revised and reassigned to a higher pay grade, subrule 3.39(3), pay on promotion, will apply.

If the class is revised and reassigned to a lower pay grade, subrule 3.39(4), pay on demotion, will apply.

**3.39(9) Pay for part-time employment.** Pay for part-time employment will be proportionately equivalent to the rate for full-time employment.

**3.39(10) Pay for exceptional performance.** An employee may be given pay for exceptional performance, not to exceed 5 percent of an employee's current annual salary, at the written request of the employee's department head with appropriate administrative approval and the prior approval of the resident director. The request will describe the nature of the exceptional job performance for which additional pay is requested, indicate the amount proposed, and specify the source of funds. The award may be based on sustained superior performance or an exceptional achievement or contribution during the period since the employee's last performance review. To qualify for an exceptional performance award, an employee must have a cumulative performance evaluation exceeding standards and have no individual rating below satisfactory. Payment will be made as a lump sum award and will not change the employee's established salary rate. No employee will be eligible for more than one award a year.

**3.39(11) Pay for call back.** Employees who are called back to work after completing their regular work schedule will be paid for a minimum period of three hours, regardless of the time worked. Employees who are called back and work in excess of three hours will be paid the actual time worked.

**3.39(12) Pay for lead worker status.** On request of an employing department and with approval of the resident director, an employee who is assigned and performs limited supervisory duties (such as distributing work assignments, maintaining a balanced workload within a group, and keeping attendance and work records) in addition to regular duties may be designated as lead worker in the classification assigned, and paid during the period of such designation the employee's base salary plus the equivalent of no less than one step but, at the discretion of the institution, no greater than 5 percent without the approval of the merit system director.

**3.39(13) Pay for trainees and apprentices.** The schedule of wages for trainees and apprentices will consist of a step in the pay matrix for every year of training required. Each employee whose performance is satisfactory as determined by the employing department will progress one-half step every six months from the first step of the schedule to the entrance rate established for the journey class at the completion of time established for training or apprenticeship.

**3.39(14) Pay for returning veterans.** Veterans who return from military leave will have their pay set at the rate they would have attained had they continued in service at the regent institution from which they took military leave.

**3.39(15) Reserved.**

**3.39(16) Payment of a shift differential.** All employees will be paid a shift differential for any shift of which four or more hours occur between 6 p.m. and midnight and a shift differential for any shift of which four or more hours occur between midnight and 6 a.m. The amount of the shift differential paid shall be determined by the merit system director.

**3.39(17)** *Pay for time on-call.* At the request of the employer, employees who are off duty and free to engage in their own pursuits shall be considered on-call, provided (a) that they leave word with the employer where to be reached if needed, and (b) that they are able to report ready for work within a specified time after being contacted by the employer. The rate for on-call pay shall be determined by the merit system director.

**3.39(18)** *Pay on reclassification of position.* If a position is reclassified, the incumbent's pay will be fixed in accordance with the rules governing pay on demotion, reemployment, transfer, or promotion, whichever is applicable.

This rule is intended to implement Iowa Code Supplement section 8A.413.
