

721—21.300(53) Satellite absentee voting stations. The county commissioner of elections may designate locations in the county for absentee voting stations. If the commissioner receives a petition requesting that a satellite absentee voting station be established at a location described on the petition, the commissioner shall provide the requested station if the petition was properly signed and filed. The petition shall be rejected if the site chosen is not accessible to elderly and disabled voters or has other physical limitations that make it impossible to meet the requirements for ballot security and secret voting, or if the owner of the site refuses permission to locate the satellite absentee voting station at the site named on the petition. The commissioner may also refuse to conduct satellite voting for the runoff election if a special election is scheduled to be held between the regular city election and a city runoff election. The petition may be refused if the owner of the site demands payment for its use.

Satellite absentee voting stations established by petition shall be open for at least one day for a minimum of six hours. Satellite absentee voting stations shall be accessible to elderly and disabled voters.

These notices shall be posted no later than the time the station opens and shall be removed immediately after the satellite absentee voting station has ceased operation for an election.

21.300(11) *Procedure for issuing absentee ballot.* The following instructions for absentee voting are to be provided to all satellite absentee voting station workers:

HOW TO ISSUE ABSENTEE BALLOTS

1. Application. Each person who wishes to vote shall complete an application for an absentee ballot.
2. Check precinct. Check to be sure that the applicant's address is in a precinct served by this station.
3. Check registration. Check to see whether the applicant is a registered voter at the applicant's current address. People who live in (county name) County but who are not currently registered to vote in the county may register to vote at the satellite absentee voting station until (the date registration closes for the election). Changes of name, address, telephone number or party affiliation may be submitted at any time.

After (date registration closes), anyone who requests an absentee ballot and who is not a registered voter in the county may register to vote if the person provides proof of identity and residence in the precinct in which the voter intends to vote. The voter must also complete an oath of person registering on election day. Otherwise, the person may cast only a provisional ballot. Use the provisional ballot envelopes.

Proof of identity must be a photo ID card that is current and valid and includes an expiration date. An ID is still current on the date it expires. An Iowa nonoperator's ID card that shows "none" as an expiration date is considered current and valid. The following forms of identification are acceptable: an Iowa driver's license or nonoperator's ID, an out-of-state driver's license or nonoperator's ID, a United States passport, a United States military identification card, an identification card issued by an employer, or a student identification card issued by an Iowa high school or an Iowa postsecondary educational institution. If the photo ID does not show the person's address in the appropriate precinct, the person must show proof of residence.

Proof of residence may be any of the following documents provided that the document shows the person's name and address in the precinct: residential lease, property tax statement, utility bill, bank statement, paycheck, government check, or other government document.

A voter who does not have appropriate identification documents may have another registered voter from the same precinct attest to the person's identity and residence. An attester must be a registered voter whose identity and residence have not been established by the attestation of another registered voter and must live in the same precinct as the applicant. The attester shall not attest to the identity of more than

one person. The commissioner shall keep a list of all persons who have attested for in-person absentee registrants and shall send the list to the polling place on election day with the list of absentee voters required by Iowa Code section 49.72.

4. Affidavit envelope. Have the voter complete the affidavit envelope before you issue the ballot.

5. Voters may ask for help. Anyone who is unable to mark a ballot without help may be helped by any person chosen by the voter. EXCEPTIONS: The following people may not help a voter—the voter’s employer, an agent of the employer, or an officer or agent of the voter’s union.

The voter may also request help from the satellite absentee voting station workers. Two workers from different political parties must assist the voter.

WARNING: Do not tell anyone how the person voted.

6. Issue ballot. When a voting booth is available, give the voter the appropriate ballot. Ballots must be voted at the satellite absentee voting station. Ballots may not be taken away from the station.

7. Instruct voter. Instruct each voter to use only the pen or pencil provided by you, how to mark the ballot so that it can be counted, to enclose the ballot in the secrecy folder (if any), and to place the ballot in the affidavit envelope and seal it before returning it to the workers.

8. Send voter to booth. Each voter must use a voting booth. Do not permit anyone to vote anywhere else.

9. When the ballot is returned: Number the request form and the affidavit envelope with serial number and record the serial number in the log of absentee voters.

10. Storing voted ballots and applications. Attach the application to the sealed affidavit envelope and insert them in the locked ballot box.

21.300(12) *Closing the station.* The following instructions for closing the absentee voting station are to be provided to all satellite absentee voting station workers:

INSTRUCTIONS FOR CLOSING THE SATELLITE ABSENTEE VOTING STATION

At the end of each day, after everyone has voted who arrived before the time established to close the station, close the satellite absentee voting station. Each task on the list must be completed.

DO NOT OPEN ANY AFFIDAVIT ENVELOPES. These ballots will be opened and counted on election day.

1. Count the number of ballots of each type which have not been voted.

2. Record number of unvoted ballots by precinct on the ballot receipt form.

3. Place the ballots in the container provided and securely seal or lock the container.

4. Record the number of spoiled ballots by precinct on the ballot receipt form.

5. Count the number of spoiled ballots by precinct and place in the envelope provided. Enter this number on the ballot receipt form. Securely seal the envelope. All officials must sign the envelope.

6. From the absentee voters’ log determine how many ballots from each precinct have been voted.

7. Compare the total number of ballots in the ballot box with the number of voters listed in the log. If there is a discrepancy, you must resolve it before leaving the station. If you cannot discover the source of the discrepancy, write a detailed explanation of the problem. All workers must sign the report.

8. If couriers will be picking up the ballots, all workers must wait until both couriers arrive. Ask the couriers for identification before surrendering the ballots. If the workers are to return the ballots to the commissioner’s office, two workers who are members of different political parties and the ballots must travel together in the same vehicle to return the ballots.

9. Never leave any ballots unattended.

10. If the ballots will be stored at the satellite absentee voting station all workers must be present when the ballots are locked up. A daily log sheet shall be used to record the information requested above. When ballots are returned to the auditor’s office the information on the daily log sheets shall be accumulated and entered on the ballot record and receipt form.

This rule is intended to implement Iowa Code section 53.11 as amended by 2007 Iowa Acts, Senate File 416.
