

567—101.502(455B) Solid waste incinerator operator certification. Solid waste incinerator operators shall be trained, tested, and certified by a department-approved certification program.

101.502(1) *Operator on duty.* A solid waste incinerator operator shall be on duty during all hours of operation of a solid waste incinerator, consistent with the respective certification.

101.502(2) *Training course; reciprocity.* To become a certified operator, an individual shall complete a basic operator training course that has been approved by the department or alternative, equivalent training approved by the department and shall pass a departmental examination as specified by this division. An operator certified by another state may have reciprocity subject to approval by the department.

101.502(3) *Biennial certification.* A solid waste incinerator operator certification is valid from the date of issuance until June 30 of the following even-numbered year.

101.502(4) *Basic operator training course.* The required basic operator training course for a certified solid waste incinerator operator shall have at least eight contact hours and shall address the following areas at a minimum.

- a. Description of types of wastes;
- b. Incinerator design;
- c. Interpreting and using engineering plans;
- d. Incinerator operations and safety;
- e. Combustion controls and monitoring;
- f. Applicable laws and regulations;
- g. Permitting processes;
- h. Incinerator maintenance; and
- i. Ash and residue disposal.

101.502(5) *Alternative basic operator training.* Alternative basic operator training must be approved by the department. It shall be the applicant's responsibility to submit any documentation the department may require to evaluate the equivalency of alternative training.

101.502(6) *Fees.*

- a. The examination fee for each examination is \$20.
- b. The initial certification fee is \$8 for each one-half year of a two-year period from the date of issuance to June 30 of the next even-numbered year.
- c. The certification renewal fee is \$24.
- d. The penalty fee is \$12.

101.502(7) *Examinations.*

a. The operator certification examinations will be based on the basic operator training course curriculum in 101.502(4).

b. All persons wishing to take the examination required to become a certified operator of a solid waste incinerator shall complete an operator certification examination application on a form prescribed by the department. A listing of dates and locations of examinations is available from the department upon request. The application form requires the applicant to indicate the basic operator training course taken. Evidence of training course completion must be submitted with the application for certification. The completed application and the application fee shall be sent to the Iowa Department of Natural Resources, 6200 Park Avenue, Des Moines, Iowa 50321. Application for examination must be received by the department prior to the date of examination.

c. A properly completed application for examination shall be valid for one year from the date the application is approved by the department.

d. Upon failure of the first examination, the applicant may be reexamined at the next scheduled examination. Upon failure of the second examination, the applicant shall be required to wait a period of 180 days before taking a third examination. If the third examination occurs beyond the one-year time frame in 101.502(7) "c," a new operator certification examination application is required.

e. Upon each reexamination when a valid application is on file, the applicant shall submit to the department the examination fee prior to the date of examination.

f. Failure to successfully complete the examination within one year from the date of approval of the application shall invalidate the application.

g. Oral examinations may be given at the discretion of the department.

101.502(8) Certification.

a. All operators will be required to take the basic operator training course and pass the examination in order to become certified.

b. Application for certification must be received by the department within 30 days of the date the applicant receives written notification of successful completion of the examination. All applications for certification shall be made on a form prescribed by the department and be accompanied by the certification fee.

c. Applications for certification by examination that are received more than 30 days but less than 60 days after notification of successful completion of the examination shall be accompanied by the certification fee and the penalty fee. Applicants who do not apply for certification within 60 days of notice of successful completion of the examination will not be certified on the basis of that examination.

d. For applicants who have been certified under a mandatory certification program in another state, the equivalency of which has been previously reviewed and accepted by the department, certification without examination will be recommended.

e. For applicants who have been certified under voluntary certification programs in another state, certification will be considered. The applicant must have successfully completed a basic operator training course and an examination generally equivalent to the Iowa examination. The department may require the applicant to successfully complete the Iowa examination.

f. Applicants who seek Iowa certification pursuant to 101.502(8)“d” or “e” shall submit an application for examination accompanied by a letter requesting certification pursuant to this subrule. Application for certification pursuant to this subrule shall be received by the department in accordance with 101.502(8)“b” and “c.”

101.502(9) Duration and renewal of certification. All certificates shall expire every two years, on even-numbered years, and must be renewed every two years to maintain certification. The renewal application and fee are due prior to expiration of certification.

a. Late application for renewal of a certification may be made, provided that such late application shall be received by the department or postmarked within 30 days of the expiration of the certification. Such late application shall be on a form prescribed by the department and accompanied by the penalty fee and the certification renewal fee.

b. If a certificate holder fails to apply for renewal within 30 days following expiration of the certification, the right to renew the certification automatically terminates. Certification may be allowed at any time following such termination, provided that the applicant successfully completes the examination. The applicant must then apply for certification in accordance with 101.502(8).

c. An operator shall not continue to operate a solid waste incinerator after expiration of a certification without renewal thereof.

d. Continuing education credits must be earned during the two-year certification period. All certified operators must earn six contact hours per certification during each two-year period. The two-year period will begin upon issuance of certification.

e. Only those operators fulfilling the continuing education requirements before the end of each two-year period will be allowed to renew their certifications. The certifications of operators not fulfilling the continuing education requirements shall be void upon expiration unless an extension is granted.

f. All activities for which continuing education credit will be granted must be related to the subject matter of the particular certification to which the credit is being applied.

g. The department may, in individual cases involving hardship or extenuating circumstances, grant an extension of time of up to three months within which the applicant may fulfill the minimum continuing education requirements. Hardship or extenuating circumstances include documented health-related confinement or other circumstances beyond the control of the certified operator that prevent attendance at the required activities. All requests for extensions must be made prior to expiration of certification.

h. The certified operator is responsible for notifying the department of the continuing education credits earned during the period. The continuing education credits earned during the period shall be shown on the application for renewal.

i. A certified operator shall be deemed to have complied with the continuing education requirements of this division during periods that the operator serves honorably on active duty in military service, during periods that the operator is a resident of another state or district having a continuing education requirement for operators and meets all the requirements of that state or district for practice there, during periods that the person is a government employee working as an operator and is assigned to duty outside of the United States, or during other periods of active practice and absence from the state approved by the department.
