

567—102.506(455B,455D) Special waste generator responsibilities. Special waste generator responsibilities shall include the following in addition to any requirements in the SWA or SWAC.

102.506(1) The generator shall adhere to the solid waste management hierarchy unless otherwise approved in an SWA. Alternatives include volume reduction at the source; recycling and reuse, including composting and land application; and other approved techniques of solid waste management including but not limited to combustion with energy recovery and combustion for waste disposal.

102.506(2) The generator shall ensure that waste regulated by a SWA arrives at the receiving MSWLF as a separate load and is not commingled with any other waste.

102.506(3) The generator shall make a waste determination as required by federal regulations and submit it and analytical results supporting an SWA to the MSWLF at a frequency to be determined by the MSWLF.

102.506(4) The generator must contact the designated MSWLF for instructions on delivering the waste and instructions for adhering to the MSWLF's SWAC.

102.506(5) The generator shall notify the department and MSWLF, prior to disposal, of any change in the characteristics of the special wastes being disposed.

102.506(6) Generators shall notify the MSWLF in writing when a one-time disposal under an SWA has been completed. This requirement is for one-time disposals only.
