

**441—226.16(231) State legal assistance development program.** The department will designate a state legal assistance developer to ensure the provision and monitoring of legal assistance, advice, and technical assistance delivery to older individuals and other service providers. The legal assistance developer activities will be contained in the state plan in accordance with the federal Act; 45 CFR 1324 as amended to October 1, 2025; and department policies and procedures. The state legal assistance developer may provide technical assistance to individuals when other legal assistance is not available.
