

441—228.6(231) Family caregiver support services.

228.6(1) *Authorized services.* Family caregiver support services include information and service assistance, case management, counseling and training, support groups, respite, supplemental services, and other caregiver services as identified by the department.

228.6(2) *Supplemental services.* Supplemental services may be provided to family caregivers on a limited basis to complement the care provided by family caregivers. The department will define a maximum percentage to be expended on supplemental services.
