

481—552.26(155A) Statewide protocols. To the extent authorized in Iowa Code section 155A.46, a pharmacist may, pursuant to statewide protocols developed by the board in consultation with the department of health and human services and available on the board's website at dial.iowa.gov, order and dispense medications pursuant to the requirements identified in the statewide protocols. For the purpose of this rule, an order constitutes a prescription.
