

281—17.10(282) Method of finance. Open enrollment options shall be made available for pupils at no instructional cost to their parents/guardians. Open enrollment pupils shall be considered enrolled resident pupils in the resident district and shall be included in the certified enrollment count of that district for the purposes of generating school foundation aid.

17.10(1) Full-time pupils. The resident district shall pay each year to the receiving district an amount equal to the sum of the state cost per pupil for the previous year; plus any moneys received for the pupil as a result of non-English speaking weighting provided by Iowa Code section 280.4; plus either the teacher leadership supplement state cost per pupil for the previous year as provided in Iowa Code section 257.9(11) or the teacher leadership supplement foundation aid allocation for fiscal year 2017 as provided in Iowa Code section 284.13(1) “e,” whichever the district received, if both the district of residence and the receiving district received either of the supplements. If the pupil participating in open enrollment is also an eligible pupil under Iowa Code section 261E.6 (postsecondary enrollment options program), the receiving district shall pay the tuition reimbursement amount to an eligible postsecondary institution as provided in Iowa Code section 261E.7.

17.10(2) Dual enrolled pupils. For pupils who receive competent private instruction and are dual enrolled, the resident district shall pay each year to the receiving district an amount equal to .1 times the state cost per pupil for the previous year plus any moneys received for the pupil as a result of non-English speaking weighting provided by Iowa Code section 280.4. However, a pupil dual enrolled in grades nine through twelve shall be counted by the receiving district in the same manner as a shared-time pupil under Iowa Code section 257.6(1) “c.”

17.10(3) Home school assistance program pupils. For pupils who receive competent private instruction and are registered for a home school assistance program, the resident district shall pay each year to the receiving district an amount equal to .3 times the state cost per pupil under Iowa Code chapter 257 for the previous year plus any moneys received for the pupil as a result of non-English speaking weighting provided by Iowa Code section 280.4.

17.10(4) Transportation assistance. The resident district may deduct any transportation assistance funds for which the pupil is eligible as provided by subrule 17.9(2).

17.10(5) Method of payment. These moneys shall be paid to the receiving district by the first resident district according to the timeline in Iowa Code section 282.20(3) (on or before February 15 and July 15 of each year). Payments shall be made to the receiving district in a timely manner. The district cost per pupil for nonspecial education students shall be the cost calculated each year for the school year preceding the school year for which the open enrollment takes place. Costs for special education students shall be as outlined in rule 281—17.11(282).

17.10(6) Partial-year situations. If a pupil participating in open enrollment attends school in the receiving district for less than a full school year, payment from the district of residence to the receiving district shall be prorated on a per diem basis. In the event that the pupil who is under open enrollment withdraws from school, moves into the district of attendance, moves out of state, moves to another district in the state of Iowa and elects to attend that district, graduates at midyear, is allowed to return to the district of residence during the school year, or other similar set of circumstances that result in the pupil no longer attending in the receiving district, payment of cost per pupil will be prorated.

17.10(7) Late changes of open enrollment. If any change in enrollment is made on or after the date specified in Iowa Code section 257.6, subsection 1, the resident district is not required to pay per-pupil costs or applicable weighting or special education costs to the receiving district until the first full year of the open enrollment.

17.10(8) Supplemental weighting. A student under open enrollment is eligible to be counted for supplementary weighting pursuant to 281—subrule 97.2(5) for qualifying concurrent enrollment classes in which the student is enrolled, including concurrent enrollment classes provided via the ICN, or supplementary weighting for project lead the way (PLTW) enrollment through sharing with a community college pursuant to 281—subrule 97.2(6). An open enrolled student who is under competent private instruction (CPI) shall be weighted in the student’s receiving district, and no tuition shall be billed to the resident district. An open enrolled student who is not under CPI shall be weighted in the

resident district, and the funding shall be sent to the receiving district in addition to open enrollment tuition.

a. If the open enrolled student is present in the resident district on October 1 of the school year, the resident district shall count the student, excluding a student under CPI, for supplementary weighting.

b. The concurrent enrollment course must qualify for supplementary weighting in the receiving district pursuant to 281—subrule 97.2(5), and the PLTW course must qualify for supplementary weighting in the receiving district pursuant to 281—subrule 97.2(6).

c. The resident district shall forward the weighting generated for the concurrent or PLTW enrollment for that student using the district cost per pupil of the school year. The amount generated is calculated as the supplementary weighting full-time-equivalency for that one student for each qualified concurrent or PLTW enrollment course multiplied by the current school year's district cost per pupil in the resident district.

d. The receiving district shall pay the community college the tuition negotiated for the course. The tuition negotiated may cost the receiving district a different amount than that received from the resident district. No additional amount may be charged to the resident district, the student, or the parent, guardian, or legal custodian.

e. If the student was not present in the resident district on October 1 of the school year and is a late transfer, the receiving district bears all the tuition cost and shall not bill the resident district in the first year pursuant to subrule 17.10(7).

17.10(9) *Open enrollment pursuant to rule 281—17.15(282).* If a pupil participates in cocurricular or extracurricular activities in accordance with subrule 17.15(2), the district of residence may deduct up to \$200 per activity, for up to two activities, from the amount calculated in this rule. For a cocurricular activity, one semester shall equal one activity. Extracurricular activities for which such a resident district may charge up to \$200 per activity for up to two activities under this subrule include interscholastic athletics, music, drama, and any other activity with a general fund expenditure exceeding \$5,000 annually. A pupil may participate in additional extracurricular activities at the discretion of the resident district. The school district of residence may charge the pupil a fee for participation in such cocurricular or extracurricular activities equivalent to the fee charged to and paid in the same manner by other resident pupils.
