

281—64.7(256A,279) Primary eligibility.

64.7(1) *Child development grants.* At least 80 percent of the funded available enrollment slots for at-risk three- and four-year-old children shall be directed to serve children in primary eligibility categories as follows:

- a.* Children reaching three or four years of age on or before September 15 of the contract year; and
- b.* Members of a low-income family.

64.7(2) *Public school child development grants.* At least 80 percent of the funded available enrollment for at-risk three-, four-, and five-year-old children in public school child development programs shall be directed to serve children in primary eligibility categories as follows:

- a.* Children reaching three, four, or five years of age on or before September 15 of the contract year; and
- b.* Members of a low-income family.

64.7(3) *Enrollment criteria.* Applicants must document the number of children enrolled under primary eligibility and the criteria used for enrollment.
