

441—41.28(239B) Need standards.

41.28(1) *Definition of the eligible group.* The eligible group consists of all eligible people specified below and living together, except when one or more of these people receive supplemental security income under Title XVI of the Social Security Act. There shall be at least one child in the eligible group except when the only eligible child is receiving supplemental security income. The unborn child is not considered a member of the eligible group for purposes of establishing the number of people in the eligible group.

a. The following persons shall be included (except as otherwise provided in these rules), without regard to the person's employment status, income or resources:

- (1) All dependent children who are siblings of whole or half blood or adoptive.
- (2) Any parent of such children, if the parent is living in the same home as the dependent children.

b. The following persons may be included:

- (1) The needy specified relative who assumes the role of parent.
- (2) The needy specified relative who acts as payee when the parent is in the home, but is unable to act as payee.

(3) An incapacitated stepparent, upon request, when the stepparent is the legal spouse of the parent by ceremonial or common-law marriage and the incapacitated stepparent does not have a child in the eligible group.

1. A stepparent is considered incapacitated when a clearly identifiable physical or mental defect has a demonstrable effect upon earning capacity or the performance of the homemaking duties required to maintain a home for the stepchild. The incapacity shall be expected to last for a period of at least 30 days from the date of application.

2. The determination of incapacity shall be supported by medical or psychological evidence. The evidence may be obtained from either an independent physician or psychologist or the state rehabilitation agency. The evidence may be submitted either by letter from the physician or on Form 470-0447, Report on Incapacity. When an examination is required and other resources are not available to meet the expense of the examination, the physician shall be authorized to make the examination and submit the claim for payment on Form 470-0502, Authorization for Examination and Claim for Payment. A finding of eligibility for social security benefits or supplemental security income benefits based on disability or blindness is acceptable proof of incapacity.

(4) Rescinded IAB 6/30/99, effective 7/1/99.

41.28(2) *Schedule of needs.* The schedule of living costs represents 100 percent of basic needs. The schedule of living costs is used to determine the needs of individuals when these needs must be determined in accordance with the standard of need defined in 441—40.21(239B). The 185 percent schedule is included for the determination of eligibility in accordance with 441—41.27(239B). The schedule of basic needs is used to determine the basic needs of those persons whose needs are included in and are eligible for a family investment program grant. The eligible group is considered a separate and distinct group without regard to the presence in the home of other persons, regardless of relationship to or whether they have a liability to support members of the eligible group. The schedule of basic needs is also used to determine the needs of persons not included in the assistance grant, when these needs must be determined in accordance with the payment standard defined in 441—40.21(239B). The percentage of basic needs paid to one or more persons as compared to the schedule of living costs is shown on the chart below.

(2) When the unmarried specified relative under age 19 is living in the same home with a parent or parents who receive the family investment program, the needs of the specified relative, when eligible, shall be included in the same eligible group with the parent(s). When the specified relative is a parent, the needs of the eligible children for whom the unmarried parent is caretaker shall be included in the same eligible group. When the specified relative is a nonparental relative, the needs of the eligible children for whom the specified relative is caretaker shall be considered a separate eligible group.

When the unmarried specified relative under the age of 19 is living in the same home as a parent(s) who receives the family investment program but the specified relative is not an eligible child, need of the specified relative shall be determined in the same manner as though the specified relative had attained majority.

(4) When two individuals, married to each other, are living in a common household and the children of each of them are recipients of assistance, the assistance grant shall be computed on the basis of their comprising one eligible group. This rule shall not be construed to require that an application for assistance be made for children who are not the natural or adoptive children of the applicant.

Payment will not be made for ordinary expenses for school supplies.
