

261—20.1(260G) Purpose. The ACE program has three parts: the capital costs component, the program job credits component, and the accelerated career education grants program. The Iowa department of economic development administers the first two components. The college student aid commission administers the career education grants portion of the ACE program as described in the commission's administrative rules. The goal of the ACE program is to provide an enhanced skilled workforce in Iowa.
