All necessary vocational rehabilitation services, including counseling, physical restoration, training, and placement, are made available to eligible individuals to the extent necessary to achieve their vocational rehabilitation. The division cooperates with federal and other state agencies providing vocational rehabilitation or similar services, and written agreements providing for interagency cooperation may be entered into as required by the Act at the discretion of the division. In selected instances, the division assumes responsibility for providing short periods of medical care for acute conditions arising in the course of the client's rehabilitation, which if not cared for would constitute a hazard to the achievement of the rehabilitation objective because of the client's limited funds and the unavailability of free medical services.
