

701—64.20(452A) Bill of lading or manifest requirements. Whenever a bill of lading or manifest is required to be issued, carried, retained or submitted by these rules, it shall meet the following minimum requirements:

1. Contain the name and address of the refinery, terminal or point of origin.
2. Contain the date of withdrawal or import.
3. Contain the name of the shipper-seller-consignor.
4. Contain the name of the purchaser-consignee.
5. Contain the place of actual destination.
6. Contain the name of the transporter.
7. Have indicated thereon: (a) the gross gallons by fuel type, and (b) the gross gallons adjusted to 60 degrees Fahrenheit for liquefied petroleum gas.
8. Have machine printed thereon a serial number of not less than four digits.

This rule is intended to implement Iowa Code sections 452A.3, 452A.8, 452A.10, 452A.12, 452A.13, and 452A.60.
