

441—170.2(237A,239B) Eligibility requirements. A person deemed eligible for benefits under this chapter is subject to all other state child care assistance requirements including, but not limited to, provider requirements under Iowa Code chapter 237A and provider reimbursement methodology. The department shall determine the number of units of service to be approved.

170.2(1) Financial eligibility. Financial eligibility for child care assistance shall be based on federal poverty levels as determined by the Office of Management and Budget and on Iowa's median family income as determined by the U.S. Census Bureau. Poverty guidelines and median family income amounts are updated annually. Changes shall go into effect for the child care assistance program on July 1 of each year.

a. Income limits. For initial and ongoing eligibility, a family's nonexempt gross monthly income as established in paragraph 170.2(1) "c" cannot exceed:

- (1) 145 percent of the federal poverty level applicable to the family size for children needing basic care, or
- (2) 200 percent of the federal poverty level applicable to the family size for children needing special-needs care, or
- (3) 85 percent of Iowa's median family income, if that figure is lower than the standard in subparagraph (1) or (2).

b. Exceptions to income limits.

(1) A person who is participating in activities approved under the PROMISE JOBS program is eligible for child care assistance without regard to income if there is a need for child care services.

(2) A person who is part of the family investment program or whose earned income was taken into account in determining the needs of a family investment program recipient is eligible for child care assistance without regard to income if there is a need for child care services.

(3) Protective child care services are provided without regard to income.

(4) In certain cases, the department will provide child care services directed in a court order.

c. Determining gross income. In determining a family's gross monthly income, the department shall consider all income received by a family member from sources identified by the U.S. Census Bureau in computing median income, unless excluded under paragraph 170.2(1) "d."

(1) Income considered shall include wages or salary, net profit from farm or nonfarm self-employment, social security, dividends, interest, income from estates or trusts, net rental income and royalties, public assistance or welfare payments, pensions and annuities, unemployment compensation, workers' compensation, alimony, child support, and veterans pensions. "Net profit from self-employment" means gross income less the costs of producing the income other than depreciation. A net loss in self-employment income cannot be offset from other earned or unearned income.

(2) For migrant seasonal farm workers, the monthly gross income shall be determined by calculating the total amount of income earned in a 12-month period preceding the date of application and dividing the total amount by 12.

d. Income exclusions. The following sources are excluded from the computation of monthly gross income:

(1) Per capita payments from or funds held in trust in satisfaction of a judgment of the Indian Claims Commission or the court of claims.

(2) Payments made pursuant to the Alaska Claims Settlement Act, to the extent the payments are exempt from taxation under Section 21(a) of the Act.

e. Family size. The following people shall be included in the family size for the determination of eligibility:

- (1) Legal spouses (including common law) who reside in the same household.
- (2) Natural mother or father, adoptive mother or father, or stepmother or stepfather, and children who reside in the same household.
- (3) A child or children who live with a person or persons not legally responsible for the child's support.

f. Effect of temporary absence. The composition of the family does not change when a family member is temporarily absent from the household. "Temporary absence" means:

- (1) An absence for the purpose of education or employment.
- (2) An absence due to medical reasons that is anticipated to last less than three months.
- (3) Any absence when the person intends to return home within three months.

170.2(2) General eligibility requirements. In addition to meeting financial requirements, the child needing services must meet age, citizenship, and residency requirements. Each parent in the household must have at least one need for service and shall cooperate with the department's quality control review and with investigations conducted by the department of inspections and appeals.

a. Age. Child care shall be provided only to children up to age 13, unless they are children with special needs, in which case child care shall be provided up to age 19.

b. Need for service. Each parent in the household shall meet one or more of the following requirements:

(1) The parent is in academic or vocational training. Child care provided while the parent participates in postsecondary education leading up to and including a baccalaureate degree program or vocational training shall be limited to a 24-month lifetime limit. A month is defined as a fiscal month or part thereof and shall generally have starting and ending dates that fall within two calendar months but shall only count as one month. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the 24-month limit.

Payment shall not be approved for the following:

1. When labor market statistics for a local area indicate low employment potential. Exceptions may be made when the client has a job offer prior to entering the training or if a client is willing to relocate after training to an area where there is employment potential. Clients willing to relocate must provide documentation from the department of workforce development, private employment agencies, or employers that jobs paying at least minimum wage for which training is being requested are available in the locale specified by the client.

2. Jobs paying less than minimum wage.

3. College coursework for a client who possesses a baccalaureate degree unless the coursework is to obtain a teaching certificate or complete continuing education units.

4. The course or training is one that the client has previously completed.

5. When the client was previously unable to maintain the cumulative grade point average required by the training or academic facility in the same training for which application is now being made. This does not apply to parents under the age of 18 who are enrolled in high school completion activities.

PROMISE JOBS child care allowances provided while the parent is a recipient of the family investment program and participating in PROMISE JOBS components in postsecondary education or training shall count toward the 24-month lifetime limit.

(2) The parent is employed 28 or more hours per week or an average of 28 or more hours per week during the month. Child care services may be provided for the hours of employment of a single parent or the coinciding hours of employment of both parents in a two-parent home and for actual travel time between home, child care facility, and place of employment. If the parent works a shift consisting of at least six hours of employment between the hours of 8 p.m. and 6 a.m. and needs to sleep during daytime hours, child care services may also be provided to allow the parent to sleep during daytime hours.

(3) The parent needs child care as part of a protective service plan to prevent or alleviate child abuse or neglect.

(4) The person who normally cares for the child is absent from the home due to inpatient hospitalization or outpatient treatment because of physical or mental illness, or is present but is unable to care for the child, as verified by a physician. Care under this paragraph is limited to a maximum of one month, unless extenuating circumstances are justified and approved after case review by the service area manager or designee.

(5) The parent is looking for employment. Child care for job search shall be limited to only those hours the parent is actually looking for employment including travel time. A job search plan shall be approved by the department and limited to a maximum of 30 working days in a 12-month period. Child care in two-parent families may be provided only during the coinciding hours of both parents' looking for employment, or during one parent's employment and one parent's looking for employment. Documentation of job search contacts shall be furnished to the department. The department may enter into a nonfinancial coordination agreement for information exchange concerning job search documentation.

EXCEPTION: Additional hours may be paid for job search for PROMISE JOBS recipients if approved by the PROMISE JOBS worker.

(6) The person is participating in activities approved under the PROMISE JOBS program and there is a need for child care services.

(7) The family is part of the family investment program and there is a need for child care.

If a parent in a family investment program household remains in the home, child care assistance can be paid if that parent receives Supplemental Security Income.

c. Residency. To be eligible for child care services, the person must be living in the state of Iowa. "Living in the state" shall include those persons living in Iowa for a temporary period, other than for the purpose of vacation.

d. Citizenship. As a condition of eligibility, the applicant shall attest to the child's citizenship or alien status by signing Form 470-3624 or 470-3624(S), Child Care Assistance Application, or Form 470-0462 or 470-0466, Health and Financial Support Application. Child care assistance payments may be made only for a child who:

(1) Is a citizen or national of the United States; or

(2) Is a qualified alien as defined at 8 U.S.C. Section 1641. The applicant shall furnish documentation of the alien status of any child declared to be a qualified alien. A child who is a qualified alien is not eligible for child care assistance for a period of five years beginning on the date of the child's entry into the United States with qualified alien status.

EXCEPTION: The five-year prohibition from receiving assistance does not apply to:

1. Qualified aliens described at 8 U.S.C. Section 1613; or

2. Qualified aliens as defined at 8 U.S.C. Section 1641 who entered the United States before August 22, 1996.

e. Cooperation. Parents shall cooperate with the department when the department selects the family's case for quality control review to verify eligibility. Parents shall also cooperate with investigations conducted by the department of inspections and appeals to determine whether information supplied by the parent regarding eligibility for child care assistance is complete and correct. (See 481—Chapter 72.)

(1) Failure to cooperate shall serve as a basis for cancellation or denial of the family's child care assistance.

(2) Once denied or canceled for failure to cooperate, the family may reapply but shall not be considered for approval until cooperation occurs.

170.2(3) Priority for assistance. Child care services shall be provided only when funds are available. Funds available for child care assistance shall first be used to continue assistance to families currently receiving child care assistance and to families with protective child care needs. When funds are insufficient, families applying for services must meet the specific requirements in this subrule.

a. Priority groups. As funds are determined available, families shall be served on a statewide basis from a service-area-wide waiting list as specified in subrule 170.3(4) based on the following schedule in descending order of prioritization.

(1) Families with an income at or below 100 percent of the federal poverty level whose members are employed at least 28 hours per week, and parents with a family income at or below 100 percent of the federal poverty level who are under the age of 21 and are participating in an educational program leading to a high school diploma or equivalent.

(2) Parents under the age of 21 with a family income at or below 100 percent of the federal poverty guidelines who are participating, at a satisfactory level, in an approved training program or in an education program.

(3) Families with an income of more than 100 percent but not more than 145 percent of the federal poverty guidelines whose members are employed at least 28 hours per week.

(4) Families with an income at or below 200 percent of the federal poverty guidelines whose members are employed at least 28 hours per week with a special-needs child as a member of the family.

b. Exceptions to priority groups. The following are eligible for child care assistance notwithstanding waiting lists for child care services:

- (1) Families with protective child care needs.
- (2) Recipients of the family investment program or those whose earned income was taken into account in determining the needs of family investment program recipients.
- (3) Families that receive a state adoption subsidy for a child.

c. Effect on need for service. Families approved under a priority group are not required to meet the requirements in paragraph 170.2(2) "b" except at review or redetermination.

170.2(4) Reporting changes. The parent must report any changes in circumstances affecting these eligibility requirements and changes in the choice of provider to the department worker or the PROMISE JOBS worker within ten calendar days of the change.

a. If the change is timely reported within ten calendar days, the effective date of the change shall be the date when the change occurred.

b. If the change is not timely reported, the effective date of the change shall be the date when the change is reported to the department office or PROMISE JOBS office.
