

193F—27.1(272C) Impaired licensee review committee. Pursuant to the authority of Iowa Code section 272C.3(1)“k,” the board may establish an impaired licensee review committee.

27.1(1) Definitions. The following definitions are applicable wherever such terminology is used in the rules regarding the impaired licensee review committee.

“Committee” means the impaired licensee review committee.

“Contract” means the written document establishing the terms for participation in the impaired licensee recovery program prepared by the committee.

“Impairment” means an inability to practice with reasonable safety and skill as a result of alcohol or drug abuse, dependency, or addiction, or any neuropsychological or physical disorder or disability.

“Licensee” means a registered associate or certified real property appraiser.

“Self-report” means the licensee’s providing written or oral notification to the board that the licensee has been or may be diagnosed as having an impairment prior to the board’s receiving a complaint or report alleging the same from a second party.

27.1(2) Purpose. The impaired licensee review committee evaluates, assists, monitors, and, as necessary, makes reports to the board on the recovery or rehabilitation of licensees who self-report impairments or who are referred to the committee by the board.

27.1(3) Composition of the committee. The chairperson of the board shall appoint the members of the committee for that board. The membership of the committee includes, but is not limited to:

- a. One licensee member who is a certified real property appraiser with the board;
- b. One public member of the board;
- c. One or more licensed professionals with expertise in substance abuse/addiction treatment programs or other similar impairment-related treatment programs.

The board may, alternatively, contract with an established impaired licensee review committee of another board, inside or outside the department of commerce, if deemed in the best interest of the licensee or the public.

27.1(4) Eligibility. To be eligible for participation in the impaired licensee recovery program, a licensee must meet all of the following criteria:

- a. The licensee must self-report an impairment or suspected impairment directly to the office of the board or be referred to the committee by the board;
- b. The licensee must not have engaged in the unlawful diversion or distribution of controlled substances or illegal substances;
- c. At the time of the self-report, the licensee must not already be under board order for an impairment or any other violation of the laws and rules governing the practice of the profession, although the existence of such an order shall not prevent the board from making a referral when deemed in the best interest of the licensee and the public;
- d. The licensee must not have caused harm or injury to a client;
- e. The licensee must not have been subject to a civil or criminal sanction, or ordered to make reparations or remuneration by a government or regulatory authority of the United States, this or any other state or territory or foreign nation for actions that the committee determines to be serious infractions of the laws, administrative rules, or professional ethics related to the practice of the profession;
- f. The licensee must have provided truthful information and fully cooperated with the board or committee.

27.1(5) Meetings. The committee shall meet as necessary in order to review licensee compliance, develop consent agreements for new referrals, and determine eligibility for continued monitoring.

27.1(6) Terms of participation. A licensee shall agree to comply with the terms for participation in the impaired licensee recovery program established in a contract. Conditions placed upon the licensee and the duration of the monitoring period shall be established by the committee and communicated to the licensee in writing.

27.1(7) Noncompliance. Failure to comply with the provisions of the agreement shall require the committee to make immediate referral of the matter to the board for the purpose of disciplinary action.

27.1(8) Practice restrictions. The committee may impose restrictions on the licensee’s practice as a term of the contract until such time as the committee receives a report from an approved evaluator that

the licensee is capable of practicing with reasonable safety and skill. As a condition of participating in the program, a licensee is required to agree to restricted practice in accordance with the terms specified in the contract. In the event that the licensee refuses to agree to or comply with the restrictions established in the contract, the committee shall refer the licensee to the board for appropriate action.

27.1(9) *Limitations.* The committee establishes the terms and monitors a participant's compliance with the program specified in the contract. The committee is not responsible for participants who fail to comply with the terms of or fail to successfully complete the impaired licensee recovery program. Participation in the program under the auspices of the committee shall not relieve the board of any duties and shall not divest the board of any authority or jurisdiction otherwise provided. Any violation of the statutes or rules governing the practice of the licensee's profession by a participant shall be referred to the board for appropriate action. A violation of a contract is a ground for licensee discipline.

27.1(10) *Confidentiality.* The committee is subject to the provisions governing confidentiality established in Iowa Code section 272C.6. Accordingly, information in the possession of the board or the committee about licensees in the program shall not be disclosed to the public. Participation in the impaired licensee recovery program under the auspices of the committee is not a matter of public record.
