

27—12.10(161C) Authority and scope. This chapter establishes procedures and standards to be followed by soil and water conservation districts and the division of soil conservation of the Iowa department of agriculture and land stewardship, in accordance with the policies of the state soil conservation committee in implementing water protection practices through the water protection fund created in Iowa Code section 161C.4, unnumbered paragraph 1, and subsection 2. This account shall be used to establish water protection practices with individual landowners including, but not limited to, woodland establishment and protection, establishment of native grasses and forbs, sinkhole management, agricultural drainage well management, streambank stabilization, grass waterway establishment, stream buffer strip establishment, and erosion control structure construction. Twenty-five percent of funds appropriated to the water protection practices account plus any additional appropriations for reforestation shall be used for woodland establishment and protection and establishment of native grasses and forbs.
