

283—11.1(261) Tuition grant based on financial need to Iowa residents enrolled at eligible private institutions of postsecondary education in Iowa.

11.1(1) *Financial need.* The need of an applicant for financial assistance under the Iowa tuition grant program—for-profit institutions shall be evaluated annually on the basis of a confidential statement of family finances filed on a form designated by the commission. For the purposes of determining financial need, the commission has adopted the use of the Free Application for Federal Student Aid (FAFSA), a federal form used to calculate a formula developed by the U.S. Department of Education, the results of which are used to determine relative need. The FAFSA must be received by the processing agent by the date specified in the application instructions.

11.1(2) *Tuition and mandatory fees.* Tuition and mandatory fees shall be defined as those college costs paid annually by all students enrolled in eligible institutions on a full-time basis as reported annually to the commission by each participating eligible institution. Each eligible institution also will provide annually its rates for part-time tuition and fees to the commission.

11.1(3) *Student eligibility.* A recipient must be an Iowa resident enrolled for at least three semester hours, or the quarter- or clock-hour equivalent, in a program of study eligible for federal student aid programs authorized under Title IV of the Higher Education Act of 1965, as amended. “Iowa resident” means an individual who meets the residency requirements established in 283—Chapter 10.

a. An eligible student attending a school defined in 11.2(1)“*a*” must be enrolled in a program of study that leads to a degree.

b. An eligible student attending a school defined in 11.2(1)“*b*” must be enrolled in a program of study that prepares the student for licensure as a barber in the state of Iowa as provided in Iowa Code chapter 158, or enrolled in a cosmetology arts and sciences program of study that prepares the student for licensure in the state of Iowa as provided in Iowa Code chapter 157.

11.1(4) *Extent of grant.* Iowa tuition grants are provided during the traditional nine-month academic year generally defined as September through May.

a. Students attending institutions defined in 11.2(1)“*a*” may receive no more than 8 semesters of full-time Iowa tuition grants or 16 part-time semesters.

b. Students attending institutions defined in 11.2(1)“*b*” may receive no more than 4 semesters, or the quarter- or clock-hour equivalent, of full-time Iowa tuition grants or 8 part-time semesters, or the quarter- or clock-hour equivalent.

c. Students may receive a combined total of no more than 8 full-time semesters or 16 part-time semesters under the Iowa tuition grant for-profit and not-for-profit programs.

d. A grant for summer enrollment may be provided if the recipient is enrolled in a commission-approved accelerated program that integrates summer attendance. The purpose of restricting summer Iowa tuition grants is to ensure that students who take classes during the summer do not exhaust Iowa tuition grant eligibility prior to completing four-year degree programs at eligible institutions, defined in 11.2(1)“*a*,” or prior to completing barber or cosmetology arts and sciences programs of study at eligible institutions, defined in 11.2(1)“*b*.”

11.1(5) *Priority for grants.* Applicants are ranked in order of the estimated amount which the family reasonably can be expected to contribute toward college expenses, and awards are granted to those who demonstrate need in order of expected family contribution, from lowest to highest, insofar as funds permit.

11.1(6) *Award notification.* A grant recipient is notified of the award by the eligible institution to which application is made. Each award notification must clearly indicate award amounts, the state programs from which funding will be received, and that funding is contingent upon the availability of state funds. Any award notification provided by an eligible institution on probation with the accrediting agency must be made contingent upon the eligible institution’s maintaining affiliation with the accrediting agency. The eligible institution is responsible for completing necessary verification and for coordinating other aid to ensure compliance with student eligibility requirements and allowable award amounts. The eligible institution reports changes in student eligibility to the commission.

11.1(7) *Award transfers and adjustments.* Recipients are responsible for promptly notifying the appropriate eligible institution of any change in enrollment or financial situation. The eligible institution will make necessary changes and notify the commission.

11.1(8) *Restrictions.*

a. A student who is in default on a Stafford Loan, SLS Loan, or a Perkins/National Direct/National Defense Student Loan or who owes a repayment on any Title IV grant assistance shall be ineligible for assistance under the Iowa tuition grant program. The student regains eligibility under this rule by providing documentation to the institution that the student has regained eligibility under Title IV of the Higher Education Act of 1965, as amended.

b. A student who is in default on a state award or owes a repayment on any state award is ineligible for assistance under the Iowa tuition grant program. Eligibility for state aid may be reinstated upon payment in full of the delinquent obligation or by commission ruling on the basis of adequate extenuating evidence presented in an appeal under the procedures set forth in 283—Chapters 4 and 5. Credits that a student receives through “life experience credit” and “credit by examination” are not eligible for tuition grant funding.
