

567—134.10(455B) Training and certification examination.

134.10(1) Prior to taking the compliance inspector examination, the applicant must:

a. Complete the U.S. EPA UST Web-based training modules: “Introduction to the Underground Storage Tanks (UST) Program” and “Basic UST Inspector Training” with a minimum passing grade of 85 percent.

b. Attend the department’s inspector training course or designated approved course.

134.10(2) The department will establish administrative and technical content for the examination and the standards and criteria against which the department will evaluate candidates in determining the fitness of candidates for inspector certification.

134.10(3) At least once in each calendar year, the department will schedule a date and location for the examination for certification of inspectors.

134.10(4) Only applicants who have been authorized by the department to take an examination will be admitted to an examination or issued a certification as a result of passing an examination. Authorization to take an examination will be based on the applicant’s compliance with the requirements of this chapter.

134.10(5) To receive a passing grade on the examination, the applicant for certification must achieve a minimum score of 85 percent. An applicant who fails an initial examination may take a second examination.

134.10(6) The application of an applicant who fails the second examination will be terminated. An applicant who fails the second examination may reapply for inspector certification but may not retake the examination until the applicant has successfully completed a regularly scheduled course of instruction that is administered or approved by the department. Successful completion means attendance at all sessions of training and attainment of the minimum passing grade established by the department for the approved training course.
