

261—303.1(15) Purpose. The purpose of cultural and entertainment districts is to encourage city and county governments, organizations, businesses, and individuals to enhance the quality of life for citizens of this state and enrich local economies through developing and sustaining cultural facilities in a synergetic fashion. Certified cultural and entertainment districts will receive technical assistance from the authority's staff, will be eligible for certain incentives, and may have professional services of other state agencies to draw upon in order to facilitate the local program.
