

701—40.60 (422) Additional first-year depreciation allowance.

40.60(1) *Assets acquired after September 10, 2001, but before May 6, 2003.* For tax periods ending after September 10, 2001, but beginning before May 6, 2003, the additional first-year depreciation allowance (“bonus depreciation”) of 30 percent authorized in Section 168(k) of the Internal Revenue Code, as enacted by Public Law No. 107-147, Section 101, does not apply for Iowa individual income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets acquired after September 10, 2001, but before May 6, 2003, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after September 10, 2001, but before May 6, 2003, can be calculated on Form IA 4562A.

See 701—subrule 53.22(1) for examples illustrating how this subrule is applied.

40.60(2) *Assets acquired after May 5, 2003, but before January 1, 2005.* For tax periods beginning after May 5, 2003, but beginning before January 1, 2005, the bonus depreciation of 50 percent authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 108-27, Section 201, may be taken for Iowa individual income tax. If the taxpayer elects to take the 50 percent bonus depreciation, the depreciation deduction allowed on the Iowa individual income tax return is the same as the depreciation deduction allowed on the federal income tax return for assets acquired after May 5, 2003, but before January 1, 2005.

a. If the taxpayer elects to take the 50 percent bonus depreciation and had filed an Iowa return prior to February 24, 2005, which reflected the disallowance of 50 percent bonus depreciation, the taxpayer may choose between two options to reflect this change. Taxpayer may either file an amended return for the applicable tax year to reflect the 50 percent bonus depreciation provision, or taxpayer may reflect the change for 50 percent bonus depreciation on the next Iowa return filed subsequent to February 23, 2005. Taxpayer must choose only one of these two options. Regardless of the option chosen, taxpayer must complete and attach a revised Form IA 4562A to either the amended return or the return filed subsequent to February 23, 2005.

EXAMPLE 1: Taxpayer filed a 2003 Iowa individual income tax return on April 15, 2004, which reflected an adjustment of \$50,000 for the difference between federal depreciation and Iowa depreciation relating to the disallowance of 50 percent bonus depreciation. Taxpayer now elects to take the 50 percent bonus depreciation for Iowa tax purposes. Taxpayer may either amend the 2003 Iowa return to reflect a \$50,000 reduction in Iowa taxable income, or taxpayer may take the additional deduction of \$50,000 on taxpayer’s 2004 Iowa return that is filed after February 23, 2005.

EXAMPLE 2: Assume the same facts as given in Example 1, and taxpayer filed a 2004 Iowa return prior to February 24, 2005. Taxpayer did not take an additional \$50,000 deduction on the 2004 Iowa return. Taxpayer may either amend the 2003 Iowa return to reflect a \$50,000 reduction in Iowa taxable income, or taxpayer may take the additional deduction of \$50,000 on taxpayer’s 2005 Iowa return.

b. If the taxpayer elects not to take the 50 percent bonus depreciation, taxpayer must add the total amount of depreciation claimed on assets acquired after May 5, 2003, but before January 1, 2005, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k). If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets. The adjustment for

both depreciation and the gain or loss on the sale of qualifying assets acquired after May 5, 2003, but before January 1, 2005, can be calculated on Form IA 4562A.

40.60(3) *Assets acquired after December 31, 2007, but before January 1, 2010.* For tax periods beginning after December 31, 2007, but beginning before January 1, 2010, the bonus depreciation of 50 percent authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 110-185, Section 103, and Public Law 111-5, Section 1201, does not apply for Iowa individual income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets acquired after December 31, 2007, but before January 1, 2010, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after December 31, 2007, but before January 1, 2010, can be calculated on Form IA 4562A.

See rule 701—53.22(422) for examples illustrating how this rule is applied.

40.60(4) *Qualified disaster assistance property.* For property placed in service after December 31, 2007, with respect to federal declared disasters occurring before January 1, 2010, the bonus depreciation of 50 percent authorized in Section 168(n) of the Internal Revenue Code for qualified disaster assistance property, as amended by Public Law 110-343, Section 710, does not apply for Iowa individual income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on qualified disaster assistance property and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(n).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of this property for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of such property.

The adjustment for both depreciation and the gain or loss on the sale of qualifying disaster assistance property can be calculated on Form IA 4562A.

40.60(5) *Assets acquired after December 31, 2009, but before January 1, 2013.* For tax periods beginning after December 31, 2009, but beginning before January 1, 2013, the bonus depreciation authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 111-240, Section 2022, and Public Law No. 111-312, Section 401, does not apply for Iowa individual income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets acquired after December 31, 2009, but before January 1, 2013, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after December 31, 2009, but before January 1, 2013, can be calculated on Form IA 4562A.

See 701—subrule 53.22(3) for examples illustrating how this subrule is applied.

This rule is intended to implement Iowa Code section 422.7 as amended by 2011 Iowa Acts, Senate File 512.
