

701—303.13(422) Iowa income taxes and Iowa tax refund. As provided in subrule 41.5(1), Iowa individual income taxes paid or accrued are allowable itemized deductions for federal income tax purposes, but are not allowable itemized deductions for Iowa income tax purposes. To the extent Iowa income taxes were deducted as itemized deductions for federal tax purposes, they shall be disallowed as an itemized deduction for Iowa income tax purposes.

Refunds of Iowa income taxes to the extent that the refunds were included in the determination of federal adjusted gross income shall be allowed as a reduction to Iowa adjusted gross income, only to the extent that an itemized deduction for Iowa income taxes was disallowed on a prior Iowa return. Iowa income tax refunds resulting from Iowa refundable income tax credits are not allowed as a reduction for Iowa income tax purposes.

EXAMPLE: Individual A made Iowa estimated payments of \$2,000 during the 2003 tax year. The \$2,000 of estimated payments was claimed as an itemized deduction for federal tax purposes, but was not allowed as an itemized deduction for Iowa tax purposes. The 2003 Iowa return reported a tax liability of \$1,600. Individual A had \$2,000 of Iowa estimated payments and a \$500 ethanol blended gasoline tax credit, and received a \$900 Iowa tax refund in 2004. Of the \$900 refund reported as income on the federal return, Individual A will be allowed a \$400 (\$2,000 - \$1,600) reduction on the Iowa return for 2004.

This rule is intended to implement Iowa Code section 422.9.
