

701—304.50(422) Taxpayers trust fund tax credit. For tax years beginning on or after January 1, 2013, a taxpayers trust fund tax credit is available for Iowa individual income tax. The credit is available for all individual income tax filers, including residents, nonresidents and part-year residents of Iowa, and individuals who file as part of a composite return as described in rule 701—48.1(422), as long as the Iowa return is filed within the extended due date to file an Iowa return. Therefore, a fiscal-year filer whose tax year does not begin on January 1 is eligible to claim the taxpayers trust fund tax credit as long as the return is filed within the extended due date of the Iowa return.

304.50(1) Calculation of the amount of tax credit. The credit is calculated by taking the amount in the Iowa taxpayers trust fund and dividing it by the number of individual income taxpayers who filed Iowa returns by October 31 of the year preceding the year in which the credit is allowed.

EXAMPLE: There is \$120 million in the Iowa taxpayers trust fund at the end of the fiscal year ending June 30, 2013. There were 2,200,000 individuals who filed Iowa income tax returns by October 31, 2013, for tax years beginning on or after January 1, 2012, but beginning before January 1, 2013. This results in an Iowa taxpayers trust fund tax credit of \$54 for the tax year beginning on or after January 1, 2013, but beginning before January 1, 2014 ($\$120,000,000$ divided by 2,200,000 equals \$54.55, which is rounded down to the nearest whole dollar). All taxpayers who file their Iowa individual income tax return by October 31, 2014, for the tax period beginning on or after January 1, 2013, but beginning before January 1, 2014, will be entitled to claim a \$54 Iowa taxpayers trust fund tax credit.

If the amount of Iowa taxpayers trust fund tax credits claimed on tax returns for a particular year is less than the amount authorized, the difference will be transferred to the Iowa taxpayers trust fund for the next year and will be available as an Iowa taxpayers trust fund tax credit for the next year. There must be a balance in the Iowa taxpayers trust fund of at least \$30 million in order for the Iowa taxpayers trust fund tax credit to be available.

EXAMPLE: There is \$120 million in the Iowa taxpayers trust fund at the end of the fiscal year ending June 30, 2013. The total amount of Iowa taxpayers trust fund tax credit claimed on Iowa tax returns for tax years beginning on or after January 1, 2013, but beginning before January 1, 2014, which were filed on or before October 31, 2014, is \$90 million. The difference of \$30 million will be transferred to the Iowa taxpayers trust fund for the fiscal year ending June 30, 2014. The legislature approves an additional \$60 million to be deposited in the Iowa taxpayers trust fund for the fiscal year ending June 30, 2014. This will result in \$90 million in the Iowa taxpayers trust fund for the fiscal year ending June 30, 2014. If 2,200,000 individuals file Iowa individual income tax returns for tax years beginning on or after January 1, 2013, but beginning before January 1, 2014, by October 31, 2014, this will result in a \$40 Iowa taxpayers trust fund tax credit for the tax year beginning on or after January 1, 2014, but beginning before January 1, 2015 ($\$90,000,000$ divided by 2,200,000 equals \$40.90, which is rounded down to the nearest whole dollar).

304.50(2) Claiming the credit on the tax return. The Iowa taxpayers trust fund is claimed on the amount of Iowa tax computed after all other nonrefundable credits allowed in division II of Iowa Code chapter 422 (excluding the Iowa taxpayers trust fund tax credit) are deducted, after the amount of school district surtax described in rule 701—42.1(257,422) and emergency medical services income surtax described in rule 701—42.2(422D) is added, and after all refundable credits (excluding estimated payments and tax withheld) allowed in division II of Iowa Code chapter 422 are deducted. Any Iowa taxpayers trust fund tax credit in excess of the tax liability is not refundable and shall not be carried back to the tax year prior to the tax year in which the credit is claimed and cannot be carried forward to a tax year for any following year.

EXAMPLE: A taxpayer reported a tax liability of \$100 on the taxpayer's 2013 Iowa income tax return. The taxpayer claimed a \$40 personal exemption credit and a \$25 franchise tax credit. This resulted in tax due of \$35 before applying the school district surtax. Taxpayer was subject to a \$2 school district surtax which resulted in total tax due of \$37. Taxpayer was entitled to claim a \$54 Iowa taxpayers trust fund tax credit, but only \$37 of credit could be applied on the 2013 Iowa return. The remaining \$17 of

credit cannot be refunded, cannot be applied to a prior year tax liability, and cannot be carried forward to be applied to a subsequent year tax liability.

This rule is intended to implement Iowa Code section 422.11E.
