

282—14.116(272) Requirements for a Class B license. A nonrenewable Class B license valid for two years may be issued to an individual under the following conditions: If a person is the holder of a valid license and is the holder of one or more endorsements, but is seeking to obtain some other endorsement, a Class B license may be issued if requested by an employer and the individual seeking this endorsement has completed at least two-thirds of the requirements, or one-half of the content requirements in a state-designated shortage area, leading to completion of all requirements for that endorsement.

For the principal's endorsement, three years of teaching experience must have been met before application for the Class B license. For the superintendent's endorsement, three years of teaching experience and three years as a building principal or other PK-12 districtwide or intermediate agency experience are acceptable for becoming a superintendent, and must have been met before application for the Class B license.

A school district administrator may file a written request with the board for an exception to the minimum content requirements on the basis of documented need and benefit to the instructional program. The board will review the request and provide a written decision either approving or denying the request.

This license is not renewable.
