

441—77.29(249A) Case management provider organizations. Case management provider organizations are eligible to participate in the Medicaid program provided that they meet the standards for the populations being served. Providers shall meet the following standards:

77.29(1) Standards in 441—Chapter 24. Providers shall meet the standards in 441—Chapter 24 when they are the department of human services, a county or consortium of counties, or an agency or provider under subcontract to the department or a county or consortium of counties providing case management services to persons with mental retardation, developmental disabilities or chronic mental illness.

77.29(2) Standards in 441—Chapter 186. Rescinded IAB 10/12/05, effective 10/1/05.
