

441—81.44(249A) Directed in-service training.

81.44(1) *Required training.* The department of inspections and appeals may require the staff of a facility to attend an in-service training program if:

- a.* The facility has a pattern of deficiencies that indicate noncompliance; and
- b.* Education is likely to correct the deficiencies.

81.44(2) *Action following training.* After the staff has received in-service training, if the facility has not achieved substantial compliance, the department of inspections and appeals may impose one or more other remedies.

81.44(3) *Payment.* The facility is responsible for the payment for the directed in-service training.
