

491—12.17(99F) Count room—characteristics.

12.17(1) Each facility shall have a count room that shall:

a. Be designed and constructed to provide maximum security for materials housed within and the activities conducted therein.

b. Have an alarm device connected to the entrance of the room that causes a signaling to the monitors of the closed circuit television system and to the commission representative's office whenever the door to the room is opened.

c. Have, if currency is counted within, a count table constructed of clear glass or similar material for the emptying, counting, and recording of the contents of containers.

12.17(2) All room keys shall be maintained and controlled by the security department in a secured area. The facility shall establish a sign-out procedure for all keys removed from the secured area.
