

491—12.9(99F) Removal of gaming chips from gaming tables.

12.9(1) Immediately upon preparation of a request and transfer of gaming chips to a security employee, or other employee authorized by the internal controls, a casino supervisor shall obtain on the duplicate request the signature of the employee to whom the gaming chips were transferred. The dealer or boxperson shall then place the duplicate request in public view on the gaming table from which the gaming chips were removed. The duplicate request shall not be removed until a slip is received from a cashier.

12.9(2) The security employee, or other employee authorized by the internal controls, shall transport the original request and the gaming chips removed from the gaming table directly to the cashier's cage.

12.9(3) Slips shall be prepared by a cashier or, if computer-prepared, by a cashier, casino supervisor, or casino clerk, whenever gaming chips are returned from the gaming tables to the cashier's cage.

12.9(4) Upon meeting the signature requirements as described in subrule 12.7(7), the security employee, or other employee authorized by the internal controls, shall transport the original and duplicate slips to the gaming table. The employee transporting the original and duplicate slips shall observe the immediate placement by the dealer or boxperson of the duplicate slip and duplicate request in the container attached to the gaming table from which the gaming chips were removed. The security employee or the casino clerk shall expeditiously return the original slip to the cashier's cage where the original slip and original request shall be maintained and controlled by employees independent of the casino department.
