

**491—6.13(99D,99F) Vendor's license.**

**6.13(1)** A vendor's license is required of any entity not licensed as a manufacturer or distributor that conducts operations on site at a facility.

**6.13(2)** An applicant for a vendor's license must complete the appropriate commission form. An authorized representative from the facility for which the vendor wishes to do continuous business must sign the form. A letter from the facility authorizing the vendor to do business shall replace a signature on the application form.

**6.13(3)** Any employee who works for a licensed vendor and will be supplying the goods or services to the facility must have a vendor employee license. A vendor license must be issued before a vendor employee can be issued a license to represent that company. The authorized signature on the vendor employee's application must be the signature of the person authorized by the vendor application to sign vendor employee applications.

**6.13(4)** Rescinded IAB 9/29/04, effective 11/3/04.
