

193D—3.3(544B,17A) Compliance.

3.3(1) Each professional landscape architect shall file with the board a signed report, under penalty of perjury, on forms provided by the board or by online renewal, setting forth the continuing education activities in which the professional landscape architect has participated. The report shall be filed with the renewal application for each two-year renewal period in which the claimed hours of continuing education were completed. The information in the report shall include:

- a.* School, firm or organization conducting the course.
- b.* Location of the course.
- c.* Title of the course and description of the content.
- d.* Principal instructor(s).
- e.* Dates attended.
- f.* Hours claimed.

g. In instances of service on a professional or community board, or other undocumented hours of continuing education, the licensee shall provide a narrative description of the materials the licensee reviewed, the nature of the licensee's service, and a description as to how the licensee's claimed hours of continuing education have contributed to the health, safety and welfare of the public.

This information shall be kept by the licensee for reported hours of continuing education for two years.

3.3(2) A professional landscape architect's continuing education report forms or online renewal may be selected for review by the board for verification of compliance with these requirements. Evidence of compliance shall be maintained by the professional landscape architect for two years after the period for which the form was submitted and shall include written verification of attendance by someone other than the licensee. Examples of evidence may include, but are not limited to, a certificate of completion presented by the program sponsor, a letter from an employer verifying attendance at an in-firm training session, or copies of minutes from public service meetings. Canceled checks or receipts for payments of fees to attend a program are not evidence of actual attendance and are not acceptable.

3.3(3) If the board disallows or finds incomplete/unsatisfactory any hours of continuing education, unless the board finds, following notice and hearing, that the professional landscape architect willfully disregarded continuing education requirements, then the professional landscape architect shall have 60 days from notice of such disallowance to make up the deficiency by acquiring the required number of hours of continuing education. Such hours shall not again be used for the next renewal.
