

**605—10.8 (34A) E911 surcharge (wireless).**

**10.8(1)** The E911 program manager shall adopt a monthly surcharge of up to 65 cents to be imposed on each wireless communications service number provided in this state. The amount of wireless surcharge to be collected may be adjusted once yearly, but in no case shall the surcharge exceed 65 cents per month, per customer service number.

**10.8(2)** The amount of wireless surcharge to be collected during a fiscal year shall be determined by the administrator's best estimation of enhanced wireless 911 costs for the ensuing fiscal year. The E911 program manager shall base the estimated cost on information provided by the E911 communications council, wireless service providers, vendors, public safety agencies, joint E911 service boards and any other appropriate parties or agencies involved in the provision or operation of enhanced wireless 911 service. The E911 communications council shall also provide a recommended monthly wireless surcharge for the ensuing fiscal year.

**10.8(3)** The E911 program manager shall order the imposition of surcharge uniformly on a statewide basis and simultaneously on all wireless communications service numbers by giving at least 100 days' prior notice to wireless carriers to impose a monthly surcharge as part of their periodic billings. The 100-day notice to wireless carriers shall also apply when making an adjustment in the wireless surcharge rate.

**10.8(4)** The wireless surcharge shall be 65 cents per month, per customer service number until changed by rule.

**10.8(5)** The wireless service provider shall list the surcharge as a separate line item on the customer's billing indicating that the surcharge is for E911 emergency telephone service. In the case of prepaid wireless service, this surcharge shall be collected under one of two methods:

*a.* The wireless service provider shall collect, on a monthly basis, the surcharge from each active prepaid customer whose account balance is equal to or greater than the surcharge; or

*b.* The wireless service provider shall divide the total earned prepaid wireless telephone revenue received by the wireless service provider within the calendar month and divide by 50 dollars, and multiply the quotient by the surcharge.

The surcharge shall be remitted based upon the address associated with the point of purchase, the customer billing address, or the location associated with the mobile telephone number for each active prepaid wireless telephone that has a sufficient positive balance as of the last days of the information, if that information is available. If the wireless service provider receives a partial payment of a monthly bill, the payment shall first be applied to the amount owed the wireless carrier with the remainder being applied to the surcharge. The wireless carrier shall bill and collect for a full month's surcharge in cases of a partial month's service. The wireless carrier is entitled to retain 1 percent of any wireless surcharge collected as a fee for collecting the surcharge as part of the subscriber's periodic billing. The wireless E911 surcharge is not subject to sales or use tax.

**10.8(6)** Remaining surcharge funds shall be remitted on a calendar-quarter basis within 20 days following the end of the quarter with a remittance form as prescribed by the E911 program manager. Providers shall issue their checks or warrants to the Treasurer, State of Iowa, and remit to the E911 Program Manager, Homeland Security and Emergency Management Division, 7105 NW 70th Avenue, Camp Dodge, Bldg. W-4, Johnston, Iowa 50131.
