

481—203.9(88) Imminent danger. Whenever and as soon as a compliance safety and health officer concludes on the basis of an inspection that conditions or practices exist in any place of employment that could reasonably be expected to cause death or serious physical harm immediately or before the imminence of such danger can be eliminated through the enforcement procedures otherwise provided by the Act, the affected employees and employers shall be notified as provided in Iowa Code section 88.11(3). Appropriate citations and notices of proposed penalties may be issued with respect to an imminent danger, even though, after being informed of the danger by the compliance safety and health officer, the employer immediately eliminates the imminence of the danger and initiates steps to abate the danger.
