

481—461.4(88A) Inspection requirements. Pursuant to Iowa Code chapter 88A, covered equipment must pass an inspection at least annually. Inspections shall be performed according to the rules set forth and standards adopted in 481—Chapters 461 through 463.

461.4(1) Inspection types. In addition to the inspections listed below, an inspection may be conducted by the director at any time. No person will operate covered equipment at a fair or carnival unless the covered equipment has passed an inspection in the current calendar year.

a. Annual inspection by owner. At the discretion of the director, the owner of an air-supported structure may be designated by the director to perform the annual inspection of the owner's air-supported structure, blower, and related electrical equipment. An owner designated pursuant to this paragraph will perform the inspection according to applicable standards. The owner will submit in the format required by the director an affidavit attesting to the performance of the inspection, correction of code violations, and other required information. A designation pursuant to this paragraph terminates on December 31 of the year of issuance.

b. Annual inspection by an inspector. Unless an inspection is waived pursuant to Iowa Code section 88A.13, or the inspection is performed by the owner pursuant to paragraph 461.4(1) "a," the director will inspect covered equipment prior to operation.

c. Major modification inspection. After covered equipment has undergone a major modification, the covered equipment must pass an inspection by the director before it is put back into use.

461.4(2) Safety order. If the inspector finds a code violation, the inspector will issue a safety order requiring that the condition be corrected. The deadline for correction of the code violation will be set forth in the safety order.

461.4(3) Cessation order. If the inspector identifies covered equipment that is hazardous or unsafe, the inspector will issue a cessation order that will be in effect until the director verifies it is corrected.
