

481—780.7(148C) Collaborative practice.

780.7(1) After the conclusion of two years of practice under a supervising physician as required by rule 481—780.5(148C), a physician assistant will continue collaboration with a physician or other health care provider as defined in rule 481—780.1(148C), which will be determined at the practice level. This rule shall not be construed to apply to physician assistants in independent practice who did not previously meet the criteria of rule 481—780.5(148C).

780.7(2) A collaborating physician or other health care provider defined in rule 481—780.1(148C) and a physician assistant should follow best practice guidelines and discuss cases as determined at the practice level. If there are any deficiencies in care noted, the collaborating health care provider will educate the physician assistant on best practice guidelines.

780.7(3) The scope of practice for a physician assistant shall be limited to medical care that is within the physician assistant's education, training, and experience.

780.7(4) Documentation of the collaboration between a physician assistant and a physician or other health care provider shall be kept by the physician assistant and provided to the board upon request.

780.7(5) Eligibility of other health care provider for collaboration. During the two-year period of collaboration, the other health care provider as defined in rule 481—780.1(148C) shall be a provider who has been in practice for a minimum of five years and is not subject to discipline by the provider's respective licensing authority.
