

441—75.7(249A) Furnishing of social security number. As a condition of eligibility, a person for whom Medicaid is being requested or received must furnish a social security account number or must furnish proof of application for the number if the social security number has not been issued or is not known and provide the number upon receipt. This requirement does not apply if the person refuses to obtain a social security number because of well-established religious objections. The term “well-established religious objections” means that the person is a member of a recognized religious sect or a division of a recognized religious sect and adheres to the tenets or teachings of the sect or division, and for that reason is conscientiously opposed to applying for or using a national identification number.

75.7(1) Assistance shall not be denied, delayed, or discontinued pending the issuance or verification of the numbers when the applicants or recipients are cooperating in providing information necessary for issuance of their social security numbers.

75.7(2) The mother of a newborn child shall have until the second month following the mother’s discharge from the hospital to apply for a social security account number for the child.

75.7(3) Social security account numbers may be requested for people in the eligible group for whom Medicaid is not being requested or received, but provision of the number shall not be a condition of eligibility for the people in the eligible group for whom Medicaid is being requested or received.

This rule is intended to implement Iowa Code section 249A.3.
