

441—41.27 (239B) Income. All unearned and earned income, unless specifically exempted, disregarded, deducted for work expenses, or diverted as defined in these rules, shall be considered in determining initial and continuing eligibility and the amount of the family investment program grant.

1. The determination of initial eligibility is a three-step process. Initial eligibility shall be granted only when (1) the countable gross nonexempt unearned and earned income, exclusive of the family investment program grant, received by the eligible group and available to meet the current month's needs is no more than 185 percent of the standard of need for the eligible group; (2) the countable net unearned and earned income is less than the standard of need for the eligible group; and (3) the countable net unearned and earned income, after applying allowable disregards, is less than the payment standard for the eligible group.

2. The determination of continuing eligibility is a two-step process. Continuing eligibility shall be granted only when (1) countable gross nonexempt income, as described for initial eligibility, does not exceed 185 percent of the standard of need for the eligible group; and (2) countable net unearned and earned income is less than the payment standard for the eligible group.

3. The amount of the family investment program grant shall be determined by subtracting countable net income from the payment standard for the eligible group. Child support assigned to the department in accordance with subrule 41.22(7) and retained by the department as described in subparagraph 41.27(1)“h”(2) shall be considered as exempt income for the purpose of determining continuing eligibility, including child support as specified in paragraph 41.27(7)“q.” Deductions and diversions shall be allowed when verification is provided.

41.27(1) Unearned income. Unearned income is any income in cash that is not gained by labor or service. When taxes are withheld from unearned income, the amount considered will be the net income after the withholding of taxes (Federal Insurance Contribution Act, state and federal income taxes). Net unearned income shall be determined by deducting reasonable income-producing costs from the gross unearned income. Money left after this deduction shall be considered gross income available to meet the needs of the eligible group.

a. Social security income is the amount of the entitlement before withholding of a Medicare premium.

b. Rescinded, effective December 1, 1986.

c. Rescinded, effective September 1, 1980.

d. Rescinded IAB 2/11/98, effective 2/1/98.

e. Rescinded IAB 2/11/98, effective 2/1/98.

f. When the applicant or recipient sells property on contract, proceeds from the sale shall be considered exempt as income. The portion of any payment that represents principal is considered a resource upon receipt as defined in 41.26(4). The interest portion of the payment is considered a resource the month following the month of receipt.

g. Every person in the eligible group and any parent living in the home of a child in the eligible group shall take all steps necessary to apply for and, if entitled, accept any financial benefit for which that person may be qualified, even though the benefit may be reduced because of the laws governing a particular benefit. When the person claims a physical or mental disability that is expected to last continuously for 12 months from the time of the claim or to result in death and the person is unable to engage in substantial activity due to the disability, or the person otherwise appears eligible, as the person is aged 65 or older or is blind, the person shall apply for social security benefits and supplemental security income benefits.

(1) Except as described in subparagraph (2), the needs of any person who refuses to take all steps necessary to apply for and, if eligible, to accept other financial benefits shall be removed from the eligible group. The person remains eligible for the work incentive disregard described in paragraph 41.27(2)“c.”

(2) The entire assistance unit is ineligible for FIP when a person refuses to apply for or, if entitled, to accept social security or supplemental security income. For applicants, this subparagraph applies to those who apply on or after July 1, 2002. For FIP recipients, this subparagraph applies at the time of the next six-month or annual review as described at 441—subrule 40.27(1) or when the recipient reports a

change that may qualify a person in the eligible group or a parent living in the home for these benefits, whichever occurs earlier.

h. Support payments in cash shall be considered as unearned income in determining initial and continuing eligibility.

(1) Any nonexempt cash support payment for a member of the eligible group, made while the application is pending, shall be treated as unearned income and deducted from the initial assistance grant(s). Any cash support payment for a member of the eligible group, except as described at 41.27(7)“*p*” and “*q*,” received by the recipient after the date of decision as defined in 441—subrule 40.24(4) shall be refunded to the child support recovery unit.

(2) Assigned support collected in a month and retained by child support recovery shall be exempt as income for determining prospective or retrospective eligibility. Participants shall have the option of withdrawing from FIP at any time and receiving their child support direct.

(3) and (4) Rescinded IAB 12/3/97, effective 2/1/98.

i. The applicant or recipient shall cooperate in supplying verification of all unearned income, as defined at rule 441—40.21(239B). When the information is available, the department shall verify job insurance benefits by using information supplied to the department by the department of workforce development. When the department uses this information as verification, job insurance benefits shall be considered received the second day after the date that the check was mailed by workforce development. When the second day falls on a Sunday or federal legal holiday, the time shall be extended to the next mail delivery day. When the client notifies the department that the amount of job insurance benefits used is incorrect, the client shall be allowed to verify the discrepancy. A payment adjustment shall be made when indicated. Recoupment shall be made for any overpayment. The client must report the discrepancy prior to the payment month or within ten days of the date on the Notice of Decision, Form 470-0485(C) or 470-0486(M), applicable to the payment month, whichever is later, in order to receive a payment adjustment.

41.27(2) Earned income. Earned income is defined as income in the form of a salary, wages, tips, bonuses, commissions earned as an employee, income from Job Corps, or profit from self-employment. Earned income from commissions, wages, tips, bonuses, Job Corps, or salary means the total gross amount irrespective of the expenses of employment. Income shall be considered earned income when it is produced as a result of the performance of services by an individual.

a. Earned income deduction. Each person in the assistance unit whose gross nonexempt earned income, earned as an employee or net profit from self-employment, is considered in determining eligibility and the amount of the assistance grant is entitled to one 20 percent earned income deduction of nonexempt monthly gross earnings. The deduction is intended to include all work-related expenses other than child care. These expenses shall include, but not be limited to, all of the following: taxes, transportation, meals, uniforms, and other work-related expenses.

b. Rescinded IAB 12/29/99, effective 3/1/00.

c. Work incentive disregard. After deducting the allowable work-related expenses as defined in paragraph 41.27(2)“*a*” and income diversions as defined in subrules 41.27(4) and 41.27(8), the department shall disregard 58 percent of the total of the remaining monthly nonexempt earned income, earned as an employee or the net profit from self-employment, of each person whose income must be considered in determining eligibility and the amount of the assistance grant.

(1) The work incentive disregard is not time-limited.

(2) Initial eligibility is determined without the application of the work incentive disregard as described at subparagraphs 41.27(9)“*a*”(2) and (3).

d. Self-employment. A person is considered self-employed when the person:

(1) Is not required to report to the office regularly except for specific purposes such as sales training meetings, administrative meetings, or evaluation sessions.

(2) Establishes the person’s own working hours, territory, and methods of work.

(3) Files quarterly reports of earnings, withholding payments, and FICA payments to the Internal Revenue Service.

e. Self-employment income. Earned income from self-employment as defined in paragraph 41.27(2) “d” means the net profit from self-employment. “Net profit” means gross self-employment income less:

- (1) Forty percent of the gross income to cover the costs of producing the income, or
- (2) At the request of the applicant or recipient, actual expenses determined in the manner specified in paragraph 41.27(2) “f.”

f. Deduction of self-employment expenses. When the applicant or recipient requests that actual expenses be deducted, the net profit from self-employment income shall be determined by deducting only the following expenses that are directly related to the production of the income:

- (1) The cost of inventories and supplies purchased that are required for the business, such as items for sale or consumption and raw materials.
- (2) Wages, commissions, and mandated costs relating to the wages for employees of the self-employed.
- (3) The cost of shelter in the form of rent; the interest on mortgage or contract payments; taxes; and utilities.
- (4) The cost of machinery and equipment in the form of rent or the interest on mortgage or contract payments.
- (5) Insurance on the real or personal property involved.
- (6) The cost of any repairs needed.
- (7) The cost of any travel required.
- (8) Any other expense directly related to the production of income, except the purchase of capital equipment and payment on the principal of loans for capital assets and durable goods or any cost of depreciation.

g. Child care income. Gross income from providing child care in the applicant’s or recipient’s own home shall include the total payment(s) received for the service and any payment received due to the Child Nutrition Amendments of 1978 for the cost of providing meals to children.

h. Income verification. The applicant or recipient shall cooperate in supplying verification of all earned income and of any change in income, as defined at rule 441—40.21(239B). A self-employed individual shall keep any records necessary to establish eligibility.

41.27(3) Shared living arrangements. When a family investment program parent shares living arrangements with another family or person, funds combined to meet mutual obligations for shelter and other basic needs are not income. Funds made available to the family investment program eligible group, exclusively for their needs, are considered income.

41.27(4) Diversion of income.

a. Nonexempt earned and unearned income of the parent shall be diverted to meet the unmet needs, including special needs, of the ineligible child(ren) of the parent living in the family group who meets the age and school attendance requirements specified in subrule 41.21(1). Income of the parent shall be diverted to meet the unmet needs of the ineligible child(ren) of the parent and a companion in the home only when the income and resources of the companion and the child(ren) are within family investment program standards. The maximum income that shall be diverted to meet the needs of the ineligible child(ren) shall be the difference between the needs of the eligible group if the ineligible child(ren) were included and the needs of the eligible group with the child(ren) excluded, except as specified in 41.27(8) “a”(2) and 41.27(8) “b.”

b. Nonexempt earned and unearned income of the parent shall be diverted to permit payment of court-ordered support to children not living with the parent when the payment is actually being made.

41.27(5) Income of unmarried specified relatives under age 19. Treatment of the income of an unmarried specified relative under the age of 19 is determined by whether the specified relative lives

with a parent who receives FIP assistance, lives with a nonparental relative, lives in an independent living arrangement, or lives with a self-supporting parent, as follows.

a. Living with a parent on FIP, with a nonparental relative, or in an independent living arrangement.

(1) The income of the unmarried, underage specified relative who is also an eligible child in the grant of the specified relative's parent shall be treated in the same manner as that of any other child. The income for the unmarried, underage specified relative who is not an eligible child in the grant of the specified relative's parent shall be treated in the same manner as though the specified relative had attained majority.

(2) The income of the unmarried, underage specified relative living with a nonparental relative or in an independent living arrangement shall be treated in the same manner as though the specified relative had attained majority.

b. Living with a self-supporting parent. The income of an unmarried specified relative under the age of 19 who is living in the same home as one or both of the person's self-supporting parents shall be treated in accordance with subparagraphs (1), (2), and (4) below.

(1) When the unmarried specified relative is under the age of 18 and not a parent of the dependent child, the income of the specified relative shall be exempt.

(2) When the unmarried specified relative is under the age of 18 and a parent of the dependent child, the income of the specified relative shall be treated in the same manner as though the specified relative had attained majority. The income of the specified relative's self-supporting parent(s) shall be treated in accordance with 41.27(8) "c."

(3) Rescinded IAB 4/3/91, effective 3/14/91.

i. Payments to volunteers participating in the Volunteers in Service to America (VISTA) program, except that this exemption will not be applied when the director of ACTION determines that the value of all VISTA payments, adjusted to reflect the number of hours the volunteers are serving, is equivalent to or greater than the minimum wage then in effect under the Fair Labor Standards Act of 1938, or the minimum wage under the laws of the state where the volunteers are serving, whichever is greater.

To allow a deduction, verification of the deposit shall be provided by the end of the report month or the extended filing date, whichever is later. 41.27(8) *Treatment of income in excluded parent cases, stepparent cases, and underage parent cases.*

a. Treatment of income in excluded parent cases.

(1) A parent who is living in the home with the eligible child(ren) but whose needs are excluded from the eligible group is eligible for the earned income deduction described at paragraph 41.27(2)“a,” the work incentive disregard described at paragraph 41.27(2)“c,” and diversions described at subrule 41.27(4).

(2) The excluded parent shall be permitted to retain that part of the parent’s income to meet the parent’s needs as determined by the difference between the needs of the eligible group with the parent included and the needs of the eligible group with the parent excluded except as described at subrule 41.27(11).

(3) All remaining income of the excluded parent shall be applied against the needs of the eligible group.

b. Treatment of income in stepparent cases. The income of a stepparent who is not included in the eligible group, but is living with the parent in the home of the eligible child(ren), shall be given the same consideration and treatment as that of a parent subject to the limitations of subparagraphs (1) to (10) below.

(1) The stepparent’s monthly gross nonexempt earned income, earned as an employee or monthly net profit from self-employment, shall receive a 20 percent earned income deduction.

(2) Rescinded IAB 6/30/99, effective 7/1/99.

(3) Any amounts actually paid by the stepparent to individuals not living in the home, who are claimed or could be claimed by the stepparent as dependents for federal income tax purposes, shall be deducted from nonexempt monthly earned and unearned income of the stepparent.

(4) The stepparent shall also be allowed a deduction from nonexempt monthly earned and unearned income for alimony and child support payments made to individuals not living in the home with the stepparent.

(5) Except as described at 41.27(11), the nonexempt monthly earned and unearned income of the stepparent remaining after application of the deductions in 41.27(8) "b"(1) to (4) above shall be used to meet the needs of the stepparent and the stepparent's dependents living in the home, when the dependents' needs are not included in the eligible group and the stepparent claims or could claim the dependents for federal income tax purposes. These needs shall be determined in accordance with the family investment program standard of need for a family group of the same composition.

(6) The stepparent shall be allowed the work incentive disregard described at paragraph 41.27(2) "c" from monthly earnings. The disregard shall be applied to earnings that remain after all other deductions in subparagraphs 41.27(8) "b"(1) through (5) have been subtracted from the earnings. However, the work incentive disregard is not allowed when determining initial eligibility as described at subparagraphs 41.27(9) "a"(2) and (3).

(7) The deductions described in subparagraphs (1) through (6) will first be subtracted from earned income in the same order as they appear above.

When the stepparent has both nonexempt earned and unearned income and earnings are less than the allowable deductions, then any remaining portion of the deductions in subparagraphs (3) through (5) shall be subtracted from unearned income. Any remaining income shall be applied as unearned income to the needs of the eligible group.

If the stepparent has earned income remaining after allowable deductions, then any nonexempt unearned income shall be added to the earnings and the resulting total counted as unearned income to the needs of the eligible group.

(8) A nonexempt nonrecurring lump sum received by a stepparent shall be considered as income in the month received. Any portion of the nonrecurring lump sum retained by the stepparent in the month following the month of receipt shall be considered a resource to the stepparent.

(9) When the income of the stepparent, not in the eligible group, is insufficient to meet the needs of the stepparent and the stepparent's dependents living in the home who are not eligible for FIP, the income of the parent may be diverted to meet the unmet needs of the child(ren) of the current marriage except as described at 41.27(11).

(10) When the needs of the stepparent, living in the home, are not included in the eligible group, the eligible group and any child(ren) of the parent living in the home who is not eligible for FIP shall be considered as one unit, and the stepparent and the stepparent's dependents, other than the spouse, shall be considered a separate unit.

(11) Rescinded IAB 6/30/99, effective 9/1/99.

c. Treatment of income in underage parent cases. In the case of a dependent child whose unmarried parent is under the age of 18 and living in the same home as the unmarried, underage parent's own self-supporting parent(s), the income of each self-supporting parent shall be considered available to the eligible group after appropriate deductions. The deductions to be applied are the same as are applied to the income of a stepparent pursuant to 41.27(8) "b"(1) to (7). Nonrecurring lump sum income received by the self-supporting parent(s) shall be treated in accordance with 41.27(8) "b"(8).

When the self-supporting spouse of a self-supporting parent is also living in the home, the income of that spouse shall be attributable to the self-supporting parent in the same manner as the income of a stepparent is determined pursuant to 41.27(8) "b"(1) to (7). Nonrecurring lump sum income received by the spouse of the self-supporting parent shall be treated in accordance with 41.27(8) "b"(8). The self-supporting parent and any ineligible dependents of that person shall be considered as one unit; the self-supporting spouse and the spouse's ineligible dependents, other than the self-supporting parent, shall be considered a separate unit.

41.27(9) Budgeting process. Both initial and ongoing eligibility and benefits shall be determined using a projection of income based on the best estimate of future income.

a. Initial eligibility.

(1) At time of application, all earned and unearned income received and anticipated to be received by the eligible group during the month the decision is made shall be considered to determine eligibility for the family investment program, except income which is exempt. All countable earned and unearned income received by the eligible group during the 30 days before the interview shall be used to project future income. If the applicant indicates that the 30-day period is not indicative of future income, income from a longer period or verification of anticipated income from the income source may be used to project future income.

When income is prorated in accordance with 41.27(9)“*c*”(1) and 41.27(9)“*i*,” the prorated amount is counted as income received in the month of decision. Allowable work expenses during the month of decision shall be deducted from earned income, except when determining eligibility under the 185 percent test defined in rule 441—41.27(239B). The determination of eligibility in the month of decision is a three-step process as described in rule 441—41.27(239B).

(2) When countable gross nonexempt earned and unearned income in the month of decision, or in any other month after assistance is approved, exceeds 185 percent of the standard of need for the eligible group, the application shall be rejected or the assistance grant canceled. Countable gross income means nonexempt gross income, as defined in rule 441—41.27(239B), without application of any disregards, deductions, or diversions. When the countable gross nonexempt earned and unearned income in the month of decision equals or is less than 185 percent of the standard of need for the eligible group, initial eligibility under the standard of need shall then be determined. Initial eligibility under the standard of need is determined without application of the work incentive disregard as specified in paragraph 41.27(2)“*c*.” All other appropriate exemptions, deductions and diversions are applied. Countable income is then compared to the standard of need for the eligible group. When countable net earned and unearned income in the month of decision equals or exceeds the standard of need for the eligible group, the application shall be denied.

(3) When the countable net income in the month of decision is less than the standard of need for the eligible group, the work incentive disregard described in paragraph 41.27(2)“*c*” shall be applied when there is eligibility for this disregard. When countable net earned and unearned income in the month of decision, after application of the work incentive disregard and all other appropriate exemptions, deductions, and diversions, equals or exceeds the payment standard for the eligible group, the application shall be denied.

When the countable net income in the month of decision is less than the payment standard for the eligible group, the eligible group meets income requirements. The amount of the family investment program grant shall be determined by subtracting countable net income in the month of decision from the payment standard for the eligible group, except as specified in subparagraph 41.27(9)“*a*”(4).

(4) Eligibility for the family investment program for any month or partial month before the month of decision shall be determined only when there is eligibility in the month of decision. The family composition for any month or partial month before the month of decision shall be considered the same as on the date of decision. In determining eligibility and the amount of the assistance payment for any month or partial month preceding the month of decision, income and all circumstances except family composition in that month shall be considered in the same manner as in the month of decision. When the applicant is eligible for some, but not all, months of the application period due to the time limit described at subrule 41.30(1), family investment program eligibility shall be determined for the month of decision first, then the immediately preceding month, and so on until the time limit has been reached.

(5) Rescinded IAB 11/8/06, effective 1/1/07.

(6) Rescinded IAB 11/8/06, effective 1/1/07.

(7) Rescinded IAB 7/4/07, effective 8/1/07.

b. Ongoing eligibility.

(1) The department shall prospectively compute eligibility and benefits when review information is submitted as described in 441—subrule 40.27(3). All countable earned and unearned income received by the eligible group during the previous 30 days shall be used to project future income. If the participant indicates that the 30-day period is not indicative of future income, income from a longer period or verification of anticipated income from the income source may be used to project future income.

(2) When a change in eligibility factors occurs, the department shall prospectively compute eligibility and benefits based on the change, effective no later than the month following the month the change occurred.

(3) Rescinded IAB 11/8/06, effective 1/1/07.

(4) The earned income deduction for each wage earner as defined in paragraph 41.27(2) “*a*” and the work incentive disregard as defined in paragraph 41.27(2) “*c*” shall be allowed.

c. Lump-sum income.

(1) Recurring lump-sum income. Recurring lump-sum earned and unearned income, except for the income of the self-employed, shall be considered as income in the month received. Income received by an individual employed under a contract shall be prorated over the period of the contract. Income received at periodic intervals or intermittently shall be considered as income in the month received, except periodic or intermittent income from self-employment shall be treated as described in 41.27(9) “*i*.” When the income that is subject to proration is earned, appropriate disregards, deductions and diversions shall be applied to the monthly prorated income. Income that is subject to proration is prorated when a lump sum is received before the month of decision and is anticipated to recur; or a lump sum is received during the month of decision or at any time during the receipt of assistance.

(2) Nonrecurring lump-sum income. Moneys received as a nonrecurring lump sum, except as specified in subrules 41.26(4), 41.26(7), 41.27(8) “*b*,” and 41.27(8) “*c*,” shall be treated in accordance with this rule. Nonrecurring lump-sum income shall be considered as income in the month received and counted in computing eligibility and the amount of the grant, unless the income is exempt. Nonrecurring lump-sum unearned income is defined as a payment in the nature of a windfall, for example, an inheritance, an insurance settlement for pain and suffering, an insurance death benefit, a gift, lottery winnings, or a retroactive payment of benefits, such as social security, job insurance or workers’ compensation. When countable income, exclusive of the family investment program grant but including countable lump-sum income, exceeds the needs of the eligible group, the case shall be canceled or the application rejected. In addition, the eligible group shall be ineligible for the number of full months derived by dividing the income by the standard of need for the eligible group. Any income remaining after this calculation shall be applied as income to the first month following the period of ineligibility and disregarded as income thereafter. The period of ineligibility shall begin with the month the lump sum is received.

When a nonrecurring lump sum is timely reported as required by 441—paragraph 40.27(4) “*f*,” recoupment shall not be made for the month of receipt. When a nonrecurring lump sum is timely reported, but the timely notice as required by rule 441—7.7(17A) requires the action be delayed until the second calendar month following the month of change, recoupment shall not be made for the first calendar month following the month of change. When a nonrecurring lump sum is not timely reported, recoupment shall be made beginning with the month of receipt.

The period of ineligibility shall be shortened when the schedule of living costs as defined in 41.28(2) increases.

The period of ineligibility shall be shortened by the amount that is no longer available to the eligible group due to a loss or a theft or because the person controlling the lump sum no longer resides with the eligible group.

The period of ineligibility shall also be shortened when there is an expenditure of the lump sum made for the following circumstances unless there was insurance available to meet the expense: Payments made on medical services for the former eligible group or their dependents for services listed in 441—Chapters 78, 81, 82 and 85 at the time the expense is reported to the department; the cost

of necessary repairs to maintain habitability of the homestead requiring the spending of over \$25 per incident; cost of replacement of exempt resources as defined in subrule 41.26(1) due to fire, tornado, or other natural disaster; or funeral and burial expenses. The expenditure of these funds shall be verified. A dependent is an individual who is claimed or could be claimed by another individual as a dependent for federal income tax purposes.

When countable income, including the lump-sum income, is less than the needs of the eligible group, the lump sum shall be counted as income for the month received. For purposes of applying the lump-sum provision, the eligible group is defined as all eligible persons and any other individual whose lump-sum income is counted in determining the period of ineligibility. During the period of ineligibility, individuals not in the eligible group when the lump-sum income was received may be eligible for the family investment program as a separate eligible group. Income of this eligible group plus income, excluding the lump-sum income already considered, of the parent or other legally responsible person in the home shall be considered as available in determining eligibility and the amount of the grant.

d. The third digit to the right of the decimal point in any computation of income and hours of employment shall be dropped. This includes the calculation of the amount of a child support sanction as defined in paragraph 41.22(6) “*f.*”

e. In any month for which an individual is determined eligible to be added to a currently active family investment program case, the individual’s needs shall be included subject to the effective date of grant limitations as prescribed in 441—40.26(239B).

(1) When adding an individual to an existing eligible group, any income of that individual shall be considered prospectively.

(2) The needs of an individual determined to be ineligible to remain a member of the eligible group shall be removed prospectively effective the first of the following month.

f. Rescinded IAB 11/8/06, effective 1/1/07.

g. When income received weekly or biweekly (once every two weeks) is projected for future months, it shall be projected by adding all income received in the period being used and dividing the result by the number of instances of income received in that period. The result shall be multiplied by four if the income is received weekly or by two if the income is received biweekly, regardless of the number of weekly or biweekly payments to be made in future months.

h. Income from self-employment received on a regular weekly, biweekly, semimonthly or monthly basis shall be budgeted in the same manner as the earnings of an employee. The countable income shall be the net income.

i. Income from self-employment not received on a regular weekly, biweekly, semimonthly or monthly basis that represents an individual’s annual income shall be averaged over a 12-month period of time, even if the income is received within a short period of time during that 12-month period. Any change in self-employment shall be handled in accordance with subparagraphs (3), (4), and (5) below.

(1) When a self-employment enterprise which does not produce a regular weekly, biweekly, semimonthly or monthly income has been in existence for less than a year, income shall be averaged over the period of time the enterprise has been in existence and the monthly amount projected for the same period of time. If the enterprise has been in existence for such a short time that there is very little income information, the worker shall establish, with the cooperation of the client, a reasonable estimate which shall be considered accurate and projected for three months, after which the income shall be averaged and projected for the same period of time. Any changes in self-employment shall be considered in accordance with subparagraphs (3), (4) and (5) below.

(2) These policies apply when the self-employment income is received before the month of decision and the income is expected to continue, in the month of decision, and after assistance is approved.

(3) A change in the cost of producing self-employment income is defined as an established permanent ongoing change in the operating expenses of a self-employment enterprise. Change in self-employment income is defined as a change in the nature of business.

(4) When a change in operating expenses occurs, the department shall recompute the expenses on the basis of the change.

(5) When a change occurs in the nature of the business, the income and expenses shall be computed on the basis of the change.

j. Special needs.

(1) A special need as defined in 41.28(3) must be documented before payment shall be made.

(2) A one-time special need occurs and is considered in determining need for the calendar month in which the special need is entered on the automated benefit calculation system.

(3) An ongoing special need is considered in determining need for the calendar month following the calendar month in which the special need is entered on the automated benefit calculation system.

(4) When the special need continues, payment shall be included, prospectively, in each month's family investment program grant. When the special need ends, payment shall be removed prospectively. Any overpayment for a special need shall be recouped.

(5) Rescinded IAB 11/8/06, effective 1/1/07.

k. When a family's assistance for a month is subject to recoupment because the family was not eligible, individuals applying for assistance during the same month may be eligible for the family investment program as a separate eligible group. Income of this new eligible group plus income of the parent or other legally responsible person in the home shall be considered as available in determining eligibility and the amount of the grant. The income of an ineligible parent or other legally responsible person shall be considered prospectively in accordance with 41.27(4) and 41.27(8).

41.27(10) *Aliens sponsored by individuals.* When an alien admitted for lawful permanent residence is sponsored by a person who executed an enforceable affidavit of support as described in 8 U.S.C. Section 1631(a)(1) on behalf of the alien, the income of the alien shall be deemed to include the income of the sponsor (and of the sponsor's spouse if living with the sponsor). The amount of the income of the sponsor and the sponsor's spouse deemed to the alien shall be the total gross earned and unearned income remaining after allowing the earned income deduction described at paragraph 41.27(2) "a," the work incentive disregard described at paragraph 41.27(2) "c," and diversions described at subrule 41.27(4). The following are exceptions to deeming of a sponsor's income:

a. Deeming of the sponsor's income does not apply when:

(1) The sponsored alien attains citizenship through naturalization pursuant to Chapter 2 of Title III of the Immigration and Nationality Act;

(2) The sponsored alien has earned 40 qualifying quarters of coverage as defined in Title II of the Social Security Act or can be credited with 40 qualifying quarters as defined at rule 441—40.21(239B); or

(3) The sponsored alien or the sponsor dies.

b. An indigent alien is exempt from the deeming of a sponsor's income for 12 months after indigence is determined. An alien shall be considered indigent if:

(1) The alien does not live with the sponsor; and

(2) The alien's gross income, including any income received from or made available by the sponsor, is less than 100 percent of the federal poverty level for the sponsored alien's household size.

c. A battered alien as described in 8 U.S.C. Section 1641(c) is exempt from the deeming of a sponsor's income for 12 months.

41.27(11) *Restriction on diversion of income.* No income may be diverted to meet the needs of a person living in the home who has been sanctioned under subrule 41.24(8) or 41.25(5), or who has been disqualified under subrule 41.25(10) or rule 441—46.29(239B), or who is required to be included

in the eligible group according to 41.28(1) “a” and has failed to cooperate. This restriction applies to 41.27(4) “a” and 41.27(8).

This rule is intended to implement Iowa Code section 239B.7.
