

**283—21.2 (261B) Approval criteria.** The college student aid commission approves an applicant school that meets all of the following criteria:

**21.2(1)** The applicant school is accredited by an agency recognized by the United States Department of Education or its successor agency. The applicant school shall certify to the commission the school's status with the accrediting agency at the time of the application and provide information about any pending or final action that may affect the school's status with its accrediting agency.

**21.2(2)** The applicant school certifies to the commission that the applicant school's approval to operate in a state has not been revoked by the state, the school has not been sanctioned by a state within a year prior to the date of its application, and the school is not under investigation or bound by the terms of a judgment issued by a state's attorney general or other enforcement authority.

**21.2(3)** The applicant school certifies that it is not subject to a limitation, suspension or termination order issued by the United States Department of Education or its successor agency. The applicant school shall provide the commission with a copy of the school's current program participation agreement with the United States Department of Education.

**21.2(4)** The applicant school complies with Iowa Code section 261B.7, which prohibits a school from advertising that the school is approved or accredited by the commission or the state of Iowa. However, an applicant school must demonstrate the method by which it will disclose that the school is registered with the commission and provide the commission's contact information for students who wish to inquire about the school or file a complaint.

**21.2(5)** The applicant school provides the commission with institutional policies adopted by the school that comply with the requirements of Iowa Code section 261.9(1) "e" to "h."

**21.2(6)** If required by the commission, the applicant school files annual reports that the commission also requires from all Iowa colleges and universities.

**21.2(7)** The applicant school demonstrates financial viability by providing a copy of the institution's most recent audit that was prepared by a certified public accounting firm no more than 12 months prior to the application and that provides an unqualified opinion. An applicant school must provide the auditor's report as an attachment to the registration application, which is posted on the commission's Internet site. However, the school may provide financial statements associated with the audit in a separate electronic file that is marked "confidential." Financial statements that a school identifies as "confidential" will not be treated as public records under Iowa Code chapter 22.

**21.2(8)** The applicant school provides a description of the learning resources it offers to students, including appropriate library and other support services requisite for the school's programs.

**21.2(9)** The applicant school provides evidence that faculty within an appropriate discipline are involved in developing and evaluating curriculum for the program(s) being registered in Iowa.

**21.2(10)** The applicant school provides résumés, other documentation, or information posted on its Internet site that describes the educational and experiential qualifications of all faculty or instructors who teach the courses offered to Iowans and the general subject matter in which faculty members or instructors teach. The applicant school shall also provide the number of full-time and part-time faculty and instructors who will teach the courses offered to Iowans.

**21.2(11)** The applicant school provides documentation demonstrating that a program which prepares a student for an occupation that requires professional licensure in Iowa:

*a.* Has been approved by the appropriate state of Iowa licensing agency and accrediting agency, if such approval is required, or

*b.* Meets curriculum standards of the appropriate state of Iowa licensing agency such that the state of Iowa licensing agency does not require the student to complete additional coursework or practicum hours that the school did not offer in its professional licensure preparation program.

**21.2(12)** The school submits a request for amendment of its registration subject to commission approval in the event the school makes a substantive change in location, program offering, or accreditation during its registration term. A substantive change in program offering occurs when a school proposes to initiate or modify a program that requires the approval of the state board of education or any Iowa state agency authorized to approve the school or its program in this state.

**21.2(13)** During its registration term, the school notifies the commission within 90 days after adding a program that does not require the approval of another Iowa state agency.

**21.2(14)** The applicant school certifies that it will immediately notify the commission of any pending or final sanction issued by the school's accrediting agency, another state agency that registers or licenses the school during its registration term, or a state attorney general's office or other enforcement authority. The commission may take action that includes, but is not limited to, reducing the school's registration term or limiting its enrollment of Iowans as the result of a final sanction issued by the school's accrediting agency, another state agency, or a state attorney general's office or other enforcement authority.

**21.2(15)** The applicant school provides a statement, signed by its chief executive officer, demonstrating the applicant school's commitment to the delivery of programs offered in Iowa and agreeing to provide alternatives for students to complete their programs at the same or other schools if the applicant school discontinues a program, the applicant school closes, or the applicant school closes an Iowa site before students have completed their courses of study.
