

205—8.13(904,906) Parole authorized following work release.

8.13(1) The board grants parole to an inmate on work release status if at least three members of the board agree that the inmate can be released without detriment to the community or to the inmate. If three members do not agree, the board will deny parole.

8.13(2) The board grants parole or work release to an inmate if at least three members of the board agree that the inmate can be released without detriment to the community or to the inmate. If three members do not agree, the board will deny parole or work release.

8.13(3) The board may determine if an inmate is required to provide a physical specimen to be submitted for DNA profiling as a condition of parole or work release. The board considers the deterrent effect of DNA profiling, the likelihood of repeated violations by the offender, and the seriousness of the offense. When funds have been allocated from the general fund of the state, or funds have been provided by other public or private sources, the board will order DNA profiling, if appropriate.
